☒ For which an application for a United States Patent was filed on 10/8/2014
Application Number 29504712 (to be filled in when known).

The above-identified application was made or authorized to be made by me/us;

I/we believe that I/we am/are the original and first inventor(s) of the subject matter which is claimed and for which a patent is sought;

I/we have reviewed and understand the contents of the above-identified application, including the claims, as amended by any amendment specifically referred to above;

I/we acknowledge the duty to disclose to the United States Patent and Trademark Office all information known to me/us to be material to patentability as defined in 37 CFR 1.56, including for continuation-in-part applications, material information which became available between the filing date of the prior application and the national or PCT International filing date of the continuation-in-part application.

☐ For which an application for a United States Patent was executed on _____, and

Whereas, BNG Enterprises, Inc. of Tempe, Arizona, here referred to "assignee" whose mailing address is 1430 W. Auto Drive, Suite 101, Tempe, Arizona, 85284 is desirous of acquiring the entire right, title, and interest in the same.

Now. Therefore, in consideration of the sum of ten dollars (\$10.00), the receipt whereof is acknowledged, and other good and valuable consideration, I/We, the inventor(s), by these presents do sell, assign, and transfer unto said assignee the full and exclusive right to the said invention in the United States. I/We hereby authorize and request the Director of the U.S. Patent and Trademark Office to issue said United States Patent to said assignee, of the entire right, title, and interest in and to the same, for his sole use and behoof; and for the use and behoof of his legal representatives, to the full end of the term for which said Patent may be granted, as fully and entirely as the same would have been held by me had this assignment and sale not been made.

Executed this 15th day of October, 2014.

Inventor: **Bradley Grossman**
