ASSIGNMENT

WHEREAS, I, Dennis J. McGrath, residing at 1866 Yosemite Drive, Okemos, Michigan 48864 (hereinafter referred to as "Assignor"), am an inventor of new and useful improvements in a WATER MONITORING AND CONTROL SYSTEM AND METHOD THEREOF, which is set forth in United States Patent Application No. 14/153,279, filed January 13, 2014 (the "Patent Application"); and

WHEREAS, The Nature Conservancy, a non-profit corporation of the District of Columbia having a place of business at 4245 North Fairfax Drive, Suite 100, Arlington, Virginia 22203 (hereinafter referred to as "Assignee"), is desirous of acquiring my entire right, title and interest in and to said invention and said Patent Application, and in and to any Letters Patent or Patents, United States or foreign, to be obtained therefor and thereon; and

WHEREAS, my invention was created in the scope of my employment with Assignee, and pursuant to the policies and procedures of Assignee, all work products and materials of its employees created within the scope of their employment, including copyrights, trademarks, trade secrets or patents resulting therefrom, are the sole property of Assignee.

NOW, THEREFORE, be it known by all whom it may concern, that for and in consideration of the policies and procedures of Assignee and other good and valuable consideration, the receipt of which is hereby acknowledged, the Assignor has assigned, sold and set over, and by these presents assigns, sells and sets over unto the Assignee, its successors, legal representatives and assigns, for the territory of the United States of America and all foreign countries, Assignor's entire right, title and interest in and to said invention, said Patent Application, and any and all Letters Patent or Patents in the United States of America and all foreign countries which may be granted therefor or which may claim the benefit of the Patent Application, and to any and all issuances, divisions, continuations, continuations-in-part, or substitute applications of the Patent Application, or re-issues or extensions of said Letters Patent or Patents, the same to be held and enjoyed by the Assignee, as fully and entirely as the same would have been held by the Assignor had this Assignment not been made.

Assignor authorizes the United States Patent and Trademark Office to issue any Patents resulting from the Patent Application to Assignee in the place of the Assignor. Assignor further agrees to: (a) cooperate with Assignee in the prosecution of the Patent Application, all related domestic patent applications, and all foreign counterparts; (b) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer; and (c) perform such other acts as Assignee lawfully may request to obtain or maintain the Patent for the invention in any and all countries.
