Re: Assignment of Patent No. 6,385,942 Via Foreclosure

Dear Sir or Madam,

I represent TEKR Patent, LLC, a Delaware limited liability company. The purpose of this letter is to provide information about the foreclosure of a security interest in Patent No. 6,385,942 ("Patent") by TEKR Patent, LLC, as assignee of Michael Mallinen.

Acsys, Inc., a Washington corporation, defaulted in its obligations under loan documentation secured by various property of Acsys, Inc., including the Patent. A strict foreclosure was commenced, pursuant to which Michael Mallinen, the original secured party under the loan documents, proposed to accept the collateral in full satisfaction of the secured obligations. A copy of the Notification of Proposal to Accept Collateral in Full Strict Foreclosure dated October 24, 2014 is filed herewith.

Prior to the completion of the foreclosure, Michael Mallinen assigned his right, title and interest in and to a portion of the loan and the collateral consisting of the Patent to TEKR Patent, LLC. TEKR Patent, LLC is named as a security party of record in a filing made with the U.S. Patent and Trademark Office on or about November 3, 2014. TEKR Patent, LLC is filing this assignment to change the record ownership of the Patent to reflect that TEKR Patent, LLC has acquired all right, title and interest in and to the Patent through completion of the foreclosure.

If you have any questions concerning the foreclosure or other matters discussed in this letter, please feel free to contact me.

Very truly yours,

APRIL L. ANDERSON
