ASSIGNMENT

Whereas, new and useful improvements and inventions have been made by the undersigned in

PREPARATION TOOLS FOR PIPE ENDS AND RELATED METHODS

and are the subject of U.S. Patent Application Serial No. 12/857826, filed August 17, 2010 in the United States Patent and Trademark Office (Rankin, Hill & Clark Docket No. RTC-19256.01) which issued as U.S. Patent 8,613,642 on December 24, 2013 and executed by the undersigned on the date indicated below in the appropriate space to the right of the signature of the undersigned.

Whereas, Emerson Electric Co., a corporation of the State of Missouri, having a principal place of business at 8000 W. Florissant Ave., St. Louis, MO 63136 hereinafter referred to as "assignee," is desirous of acquiring all right, title, and interest throughout the world in, to, and under said improvements and inventions and patent rights therefor.

Now, therefore, be it known that, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, all right, title, and interest in the United States, in, to, and under said improvements and inventions and all patents, patent applications, patent rights, and inventor's certificates thereof, therefor, and therein, including without limitation said application for patent in the United States, all divisions and continuations thereof, all patents which may be granted thereon including said issued patent, all reissues and extensions thereof, and all right to sue for past infringement thereunder, have been and are hereby sold, assigned, transferred, and delivered unto assignee, its successors and assigns; and it is covenanted and agreed by the undersigned, and for executors, administrators, and legal representatives of the undersigned, that at assignee's request any and all applications, affidavits, assignments, and other instruments will be made, executed, and delivered as may be necessary or desirable to secure for or vest in assignee, its successors, or assigns any improvement, inventions, right, title, interest, application, patent, patent right, or other right or property covered by this assignment, and the United States Commissioner of Patents and Trademarks is hereby requested and authorized to issue any and all United States patents granted on any of said applications, including said issued patent, to assignee as owner of the entire right, title, and interest in, to, and under the same.

The undersigned hereby grants the firm of Rankin, Hill & Clark LLP the power to insert on this assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

In Witness Whereof, this assignment has been executed below by the undersigned:
