ASSIGNMENT

THIS ASSIGNMENT dated as of November 15, 2014 ("Effective Date"), is made by Michael Edward Breede having an address of 35 Golf Lane, Ridgefield, CT 06877, U.S.A. (hereinafter referred to as "Assignor") to Integrated Surgical LLC, a Connecticut corporation having an address of 57 Golf Lane, Ridgefield, CT 06877, U.S.A. (hereinafter referred to as "Assignee").

WHEREAS, Assignor has an ownership interest in those certain applications(s) for patents, patents, and inventions disclosed therein, set forth on Exhibit A attached hereto and made a part hereof (collectively, the "Assigned Assets"); and

WHEREAS, Assignor desires to assign to Assignee all of Assignor's right, title and interest in and to the Assigned Assets; and

WHEREAS, the Assignee is desirous of acquiring the entire right, title, and interest in and to said Assigned Assets.

NOW, THEREFORE, in consideration of the provisions set forth hereinabove and hereinbelow, and in further consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

1. Assigned Assets

"Assigned Assets" shall include the patents and patent applications listed in Exhibit A attached hereto ("Listed Patents"), and the inventions disclosed therein. Assigned Assets shall include, without limitations, any and all reexaminations, reissues, extensions, divisionals, substitutions, continuations, continuations-in-part and foreign counterparts of the Listed Patents, and any and all patents and patent applications filed by or in the name of Assignor, or otherwise assigned to or owned, in whole or in part, by Assignor, that share or claim priority to or from any Listed Patent, either directly or indirectly.

2. Assignment

Assignor hereby irrevocably assigns, transfers and conveys to Assignee, its successors, legal representative, and assigns, all of its right, title and interest in and to the above mentioned Assigned Assets throughout the world, and all other common law or statutory rights, claims and privileges pertaining to, arising out of or associated with, the Assigned Assets, including, without limitation, the right to the underlying inventions, the right to file, prosecute and maintain the Assigned Assets in the United States of America or other countries, and the right to sue, seek equitable relief and recover damages for past, present and future infringement thereof, as fully and entirely as the same would have been held and enjoyed by the Assignor had this assignment not been made.

Assignee hereby accepts, as of the Effective Date, all of the right, title and interest of Assignor in and to the Assigned Assets.

3. Further Assignment

Assignor further assigns to and empowers Assignee, its successors, assigns or nominees, all rights to make applications for patents, receive patents or other forms of protection for said inventions, and to prosecute such applications and patents arising therefrom, as well as to claim and receive the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention or treaty, or United States law, which may henceforth be substituted for it, and the right to invoke and claim such right of priority without further written or oral authorization, as fully and entirely as the same would have been held and enjoyed by the Assignor had this assignment not been made.

4. Representations and Warranties

Assignor represents and warrants the following to Assignee:

- a. This Assignment has been duly authorized by Assignor, and all action necessary to enter into this Assignment has been taken by Assignor.
- b. Assignor's interest in the Assigned Assets has not been sold, transferred, assigned or otherwise encumbered by Assignor nor has Assignor agreed to sell, transfer, assign or otherwise encumber its interest in the Assigned Assets.
- c. The execution, delivery and performance by Assignor of this Assignment constitutes a legal, valid and binding obligation of Assignor enforceable against Assignor in accordance with its terms and does not violate any rights of a third party or any agreement between Assignor and a third party.

5. Further assurances

Assignor hereby covenants that, from time to time following the execution and delivery of this Assignment, at the request of Assignee, Assignor shall do, execute, acknowledge and deliver, or shall cause to be done, executed, acknowledged and delivered, such further acts, assignments conveyances, transfers, powers of attorney and other assurances as Assignee, its successors, assigns or nominees, may reasonably request in order to vest in Assignee all of Assignor's right, title and interest in and to the Assigned Assets.

6. Miscellaneous

This Assignment shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns. This Assignment shall be governed by the laws of the State of Connecticut.

This Assignment may be executed in one or more counterparts, any of which may be executed and transmitted by facsimile or other electronic method, and each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

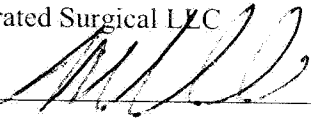

IN WITNESS WHEREOF, the parties have caused this Assignment to be executed as of the Effective Date.
