ASSIGNMENT
(U.S. and PCT Patent Applications)

I, the undersigned, have invented certain inventions and improvements disclosed in a utility non-provisional and a PCT international patent application entitled,

“Systems and Methods for Imaging Fluid Samples,”

U.S. Patent Appln. No. 14/517,421, filed on October 17, 2014; and
PCT International Patent Appln. No. PCT/US2014/061221, filed on October 17, 2014

the specification of each of which is provided with this Assignment and identified by the Attorney Docket Nos. above.

For and in consideration of the payments for my employment including any payments under separate agreements and other valuable consideration, the receipt and sufficiency of which I acknowledge, I:

1. Agree to assign, transfer, convey, and sell, hereby assign, transfer, convey, and sell and have assigned, transferred, conveyed, and sold to Iris International, Inc., a Delaware corporation having a principal place of business at 9172 Eton Avenue, Chatsworth, CA 91311 (“Assignee”), the entire right, title, and interest in and to:
 - (a) all intellectual property (including, without limitation, any innovation, information, invention, discovery, product, process, work or design) disclosed, embodied, shown, or claimed in the above-referenced patent application, implicitly or explicitly;
 - (b) the above-referenced patent application, the right to claim priority to the above-referenced patent application, all applications based in whole or in part upon the above-referenced patent application, including, without limitation, all applications that are a provisional, non-provisional, design, divisional, continuation, continuation-in-part, registration, utility model, industrial design, reissue, renewal, substitute, extension, reexamination, post-grant review, inter partes review, supplemental examination or non-U.S. patent application or application for other rights based in whole or in part on the above-referenced patent application;
 - (c) all patents (including, without limitation, all U.S. and non-U.S. patents, registrations, utility models, industrial designs, design patents, counterparts, continuations, continuations-in-part, divisionals, reissues, renewals, substitutes, extensions, reexaminations, post-grant reviews, inter partes reviews and supplemental examinations) that are granted or issued upon, or that claim
