ASSIGNMENT

In consideration of One Dollar (\$1.00) and other good and valuable consideration in hand paid, the receipt and sufficiency whereof are hereby acknowledged, effective as of February, 23, 2010, the undersigned hereby assign to: Healthy Communities Institute Corporation, having a principal place of business at 2054 University Avenue, Suite 600, Berkeley, California 94704, its successors and assigns, the entire right, title and interest in the inventions or improvements of the undersigned disclosed in the following:

- 1) US Patent No. 8,396,721, issued on March 12, 2013 and entitled "Community Health System"
- 2) US Utility Patent Application No. 12/711,177, filed on February 23, 2010 and entitled "Community Health System"
- 3) US Provisional Patent Application No. 61/154,710, filed on February 23, 2009 and entitled "Community Health System"

and in said patent and applications and any and all other applications, both United States and foreign, which the undersigned may have filed, either solely or jointly with others, on said inventions or improvements, and in any and all Letters Patent of the United States and foreign countries, which may be obtained on any of said applications, and in any reissue or extension of such patents, and further assigns to said assignee the priority right provided by the International Convention.

The undersigned hereby authorize and request the Commissioner of Patents and Trademarks to issue said Letters Patent to said assignee.

The undersigned warrant themselves to be the owners of the entire right, title and interest in said inventions or improvements and to have the right to make this assignment, and further warrant that there are no outstanding prior assignments, licenses, or other encumbrances on the interest herein assigned (other than any license rights, if any, as may be subject to that certain License Agreement dated June 10, 2008, between Healthy Communities Institute Corporation and Healthy Communities Foundation).

For said considerations the undersigned hereby agree, upon the request and at the expense of said assignee, its successors and assigns, to execute any and all divisional, continuation and substitute applications for said inventions or improvements, and any necessary oath, affidavit or declaration relating thereto, and any application for the reissue or extension of any Letters Patent that may be granted upon said patent and applications and any and all applications and other documents for Letters Patent in foreign countries on said inventions or improvements, that said assignee, its successors or assigns may deem necessary or expedient, and for the said considerations the undersigned authorize said assignee to apply for patents for said inventions or improvements in its own name in such countries where such procedure is proper and further agree, upon the request of said assignees, its successors and assigns, to cooperate to the best of the ability of the undersigned with said assignee, its successors and assigns, in any proceedings or transactions involving such applications or patents, including the preparation and execution of preliminary statements, giving and producing evidence, and performing any and all other acts necessary to obtain, maintain and enforce

FTL 109868188v1

conveyed in the assignees, its successors and assigns, whereby said Letters Patent will be held and enjoyed by the said assignees, its successors and assigns, to the full end of the term for which said Letters Patent will be granted, as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment had not been made.
