## ASSIGNMENT

WHEREAS, new and useful improvements and inventions have been made in  
U.S. Patent No. 7,847,564, issued December 7, 2010, entitled "CONDUCTIVITY PROBE AND  
DIALYSIS MACHINE COMPRISING THE PROBE", and

WHEREAS, MEDICA S.p.A., a joint stock company organized under the laws of Italy,  
having an address at VIA DEGLI ARTIGIANI, 7 – MEDOLLA (MO) ITALY,  
hereinafter referred to as "assignee", is desirous of acquiring all right, title, and interest throughout  
the world in, to, and under said improvements and inventions and all patent rights therefore.

NOW, THEREFORE, be it known that, for valuable consideration, the receipt and  
sufficiency of which are hereby acknowledged, all of the undersigned's right, title, and interest, in  
the United States and throughout the world, in, to and under said improvements and inventions and  
all patents, patent applications, patent rights, and inventor's certificates thereof, therefore, and  
therein, including without limitation the above-referenced U.S. patent, all divisions and  
continuations thereof, all patents which may be granted thereon, all reissues and extensions thereof,  
all right to sue for past infringement thereunder, all patents which may be granted for said  
improvements and inventions by states or nations other than the United States, or by other authority,  
entity, or organization, all applications therefore, and all rights of priority resulting from the filing  
of any said applications, have been and are hereby sold, assigned, transferred, and delivered unto  
assignee, its successors and assigns; and it is covenanted and agreed by the undersigned, and for  
executors, administrators, and legal representatives of the undersigned, that at assignee's request any  
and all applications, affidavits, assignments, and other instruments will be made, executed, and  
delivered as may be necessary, or desirable to secure for or vest in assignee, its successors or  
assigns, any improvement, inventions, right, title, interest, application, patent, patent right or other  
right or property covered by this assignment, and the United States Commissioner of Patents and  
Trademarks is hereby requested and authorized to issue any and all United States patents granted on  
any of said applications to assignee as owner of the entire right, title, and interest in, to, and under  
the same, and appropriately empowered officials of foreign countries are hereby authorized to issue  
any letters patent granted on any of said applications to assignee as owner of the entire right, title  
and interest in, to, and under the same.

The undersigned hereby grants the firm of Pearne & Gordon LLP the power to insert on this assignment any further identification which may be necessary or useful in order to facilitate the recordation of this document.

IN WITNESS WHEREOF, this assignment has been executed below by the undersigned:
