## PATENT ASSIGNMENT

This Patent Assignment is effective as of January 1, 2013, by AGRAQUEST, INC., a Delaware corporation, having an address of 1540 Drew Avenue, Davis, CA 95618 ("**Assignor**"), to BAYER CROPSCIENCE LP, a Delaware limited partnership, having an address of 2 T.W. Alexander Drive, Research Triangle Park, NC 27709 ("**Assignee**").

### RECITALS:

A. Assignor is the owner of the entire right, title and interest in and to the United States Patents and Applications and foreign patents and applications and all of the inventions and improvements listed on Schedule A attached hereto and co-owns the United States Patents and Applications and foreign patents and applications and all of the inventions and improvements listed on Schedule B attached hereto (collectively, as to Schedule A and B, the "**Patents**").

B. Assignee is desirous of acquiring Assignor's entire right, title, and interest in and to the Patents.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby assigns, sells, transfers, and sets over unto Assignee Assignor's entire right, title, and interest in and to the Patents disclosed for the United States and all foreign countries and any Patent that may issue therefore in the United States and all foreign countries and all divisions, reissues, continuations, continuations-in-part, renewals, and/or extensions thereof including all priority rights under the International Convention associated therewith for each country and the Union, Assignee to have and to hold the interests herein assigned to the full ends of the terms of the Patents and any and all divisions, reissues, continuations, continuations-in-part, renewals, and/or extensions thereof, respectively, and all other legal protection based thereon or obtainable therefore throughout the world, including without limitation the right to sue and collect for past infringement, to be held and enjoyed by Assignee for its own use and benefit, and for the benefit of its legal representatives, successors and assigns, to the full end of the terms of all of the Patents which may be granted on the inventions as fully and entirely as the same would have been held and enjoyed by Assignor had this assignment not been made.

Assignor further covenants that Assignee will, upon its request, be provided promptly with all pertinent facts and documents relating to the Patents as may be known and accessible to Assignor and will testify as to the same in any interference or litigation related thereto and will promptly execute and deliver to Assignee or its legal representative any and all papers, instruments or affidavits required to apply for, obtain, maintain, issue and enforce and to perfect the title to any of the Patents, divisions, reissues, continuations, continuations-in-part, renewals, and/or extensions thereof in the United States and any foreign country that may be necessary or desirable to carry out the purposes thereof.
