**UNITED STATES OF AMERICA**

(the "Assignee")

all rights, title, and interest of any nature whatsoever which the Assignors may have to and in respect of the invention titled:

**DUAL-TANK LIQUID STORAGE SYSTEM**

(the "Invention")

as described in **U.S. Provisional Patent Application No. 61/711,644** filed in the United States Patent and Trademark Office on **October 9, 2012** and International Application No. **PCT/CA2013/000872** filed at the Canadian Intellectual Property Office (as PCT Receiving Office) on **October 9, 2013**.

2. Such rights, title, and interest shall henceforth be held and enjoyed by the Assignee or its successors, assigns, or legal representatives for the full terms of any and all Letters Patent which may be granted therefor by any national or regional patent granting authority, as fully and entirely as such right, title, and interest would have been held and enjoyed by the Assignor had this Assignment had not been made.

3. The Assignors hereby assign to the Assignee any priority rights arising in connection with the Invention by virtue of said patent application or any other patent applications which may be filed in respect of the Invention or any improvement thereto or any part thereof, and the Assignors hereby authorize the Assignee to make application for and to receive Letters Patent for the Invention in the name of the Assignee in such additional country or countries as the Assignee may elect.

4. The Assignors hereby authorize the Assignee or any agent of the Assignee, to insert relevant patent application information into this Assignment, subsequent to the Assignors' execution hereof.

5. The Assignors hereby covenant and agree that they will:

- (a) execute or procure any further necessary assurance of title to the Invention, and to any corresponding patent applications or Letters Patent;
- (b) at any time, upon the request of the Assignee, execute and deliver any and all papers that may be necessary or desirable to perfect the Assignee's title to the Invention, and to any corresponding patent applications or Letters Patent;
- (c) sign all documents legally or otherwise required in connection with any additional, divisional, continuing, or reissue applications for patents in respect of the Invention or any improvement thereto or any part thereof;
- (d) make all rightful oaths and declarations required in connection with any patent applications relating to the Invention; and
- (e) generally do all lawful acts to aid the Assignee and its successors, assigns, or legal representatives, to obtain and enforce patent protection in respect of the Invention in any or all countries;

and that they will do all of the foregoing without further compensation, but at the sole expense of the Assignee or its successors, assigns, or other legal representatives.
