**Exhibit B
PATENT ASSIGNMENT**

WHEREAS, North Rocky Robot Technology, Inc., an Idaho corporation, ("Assignor") is the sole owner of all right, title and interest in and to the following applications as well as all inventions and technology described thereby (collectively the "Patents"):

- (i) U.S. Patent No. 6,014,797;
- (ii) U.S. Patent No. 7,168,456;
- (iii) Canadian Patent No. 2,240,657;
- (iv) Canadian Patent No. 2,564,569;
- (v) European Patent No. 0.886.003;
- (vi) European Patent No. 1.780.330;
- (vii) All patents and patent applications existing now or in the future throughout the world that claim priority, directly or indirectly, to the above-listed patents or any patent applications relating thereto or that otherwise describe the same inventions and/or technology that is described in the above-listed patents; and
- (viii) All substitutions, extensions, reissues, renewals, divisions, continuations, and continuations-in-part of (i) or (ii) above, including all foreign equivalents.

WHEREAS, WIS Engineering GmbH & Co. KG, an Austrian Limited Partnership, ("Assignee") is desirous of acquiring all of Assignor's right, title and interest in and to the Patents and the inventions and technology described thereby.

NOW, THEREFORE, in exchange for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto, intending to be legally bound, agree as follows:

1. Assignor hereby assigns and transfers to Assignee Assignor's entire right, title and interest in and to the Patents, along with the inventions and technology described thereby and all causes of action relating thereto, whether arising before or after the date of this assignment.
2. The Patents, and the inventions and technology described thereby, shall be held and enjoyed by Assignee and its successors and assigns, for its exclusive use and benefit as fully and entirely as the same would have been held and enjoyed by Assignor had this assignment not been made.

3. Assignor hereby authorizes and requests all applicable patent offices throughout the world to issue all letters patent on the Patents and the inventions and technology described thereby to Assignee.

4. Assignor agrees to (i) cooperate with Assignee in the protection of all rights related to the Patents and prosecution of all related domestic and foreign patent applications; (ii) execute and deliver all instruments and documents necessary to effectuate the transfer of the Patents to Assignee and record such transfer with the applicable government offices around the world; (iii) execute and deliver all instruments and documents necessary for the making and prosecution of applications for letters patent on the inventions and technology covered by the Patents, for litigation regarding said letters patent, and for the purpose of protecting title to the inventions and technology described in the Patents and all letters patent relating thereto; and (iii) perform such other acts as Assignee may lawfully request to obtain or maintain the Patents and any and all rights and applications relating thereto.
