ASSIGNMENT

Corporate

Index Systems, Inc., a British Virgin Islands corporation, having a principal place of business at Kingston Chambers, P.O. Box 173, Road Town, Tortola, British Virgin Islands (hereafter the "Assignor"), is the owner by respective Assignment of the United States and foreign Patent Applications and Patents identified below (hereafter sometimes called the "Patent Applications and Patents").

Rovi Guides, Inc., a Delaware corporation, having a principal place of business at 2830 De La Cruz Boulevard, Santa Clara, California 95050 (hereafter the "Assignee"), desires to acquire all of the rights to the Patent Applications and Patents and all inventions described and claimed therein or entitled to the benefit thereof.

THEREFORE, in consideration of the sum of One Dollar (\$1.00) US or equivalent and other good and valuable consideration paid to it, Assignor hereby sells and assigns to the Assignee the entire right, title and interest in and to the Patent Applications and Patents identified below including, without limitation, all rights to causes of action and remedies related to any of the Patent Applications and Patents identified below (including, without limitation, the right to sue, pursue damages, collect royalties, pursue injunctive relief and other remedies for past, present or future infringement), and all inventions described and claimed therein or entitled to the benefit thereof, in any and all Letters Patent therefor, and in any and all reissues, extensions, renewals, reexaminations, divisions, continuations and foreign counterparts of such applications or Letters Patent worldwide to the full end of the term or terms for which such Letters Patent issue, such entire right, title and interest to be held and enjoyed by the above-named Assignee the same as they would have been held and enjoyed by the Assignor had this Assignment and sale not been made.

<u>File No.</u>	<u>Country</u>	<u>Title</u>	<u>Date Filed</u>	<u>Application No.</u>	<u>Patent No.</u>
See Schedule A	See Schedule A	See Schedule A	See Schedule A	See Schedule A	See Schedule A

By its undersigned representative, the Assignor agrees

- a. to execute all papers necessary in connection with the Patent Applications and Patents and any continuing, divisional, reissue, reexamination or corresponding application thereof and also to execute separate Assignment in connection with such application as the Assignee may deem necessary or expedient;

b. to execute all papers necessary in connection with any interference which may be declared concerning the Patent Applications and Patents or any continuation, division, reissue or reexamination thereof and to cooperate with the Assignee in every way possible in obtaining evidence and going forward with such interference; and

c. to perform all affirmative acts which may be necessary to obtain a grant of a valid United States and foreign patent to the Assignee on any of the Patent Applications and Patents and on any continuation, division, reissue or reexamination of any of the Patent Applications and Patents.

The Assignor hereby covenants that it has the full right to convey the entire interest herein assigned, and that it has not executed, and will not execute, any agreement in conflict therewith.

The Assignor grants Assignee the rights pertaining to all Intellectual Property Rights owned by Assignor at the time of executing this Agreement including any patents or applications not listed in Schedule A, as well as all Intellectual Property Rights that Assignor will own after executing this Assignment.

Index Systems, Inc., a British Virgin Islands corporation, certifies that it is the Assignee of the entire right, title and interest in the Patent Applications and Patents identified above by virtue of Assignment from the inventors of the Patent Applications and Patents identified above.

The undersigned has reviewed the documents in the Patent Applications and Patents identified above and, to the best of undersigned's knowledge and belief, title is in the Assignor identified above.

The undersigned is empowered to sign this certificate on behalf of the Assignor.

I hereby declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed to be true; and further, that these statements are made with the knowledge that willful false statements, and the like so made, are punishable by fine or imprisonment, or both, under Section 1001, Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

IN WITNESS WHEREOF, executed by the Assignor's undersigned representative on the date following the undersigned's name.
