ASSIGNMENT

WHEREAS, **Neurocath, LLC**, a North Carolina corporation with a principal place of business in Asheville, North Carolina; (hereinafter referred to as "ASSIGNOR"), owns certain new and useful improvements in *Computerized System for Blood Chemistry Monitoring* for which an application for a United States patent was filed on February 26, 2010 under Serial No. **12/713,934**, pursuant to an Assignment dated December 30, 2010, from Leon DeJournett, such assignment recorded in the United States Patent and Trademark Office at Reel and Frame No. 025558/0286. A corresponding European patent application was filed on March 29, 2010 under Serial No. **08798440.7**; which applications claim priority from international application Serial No. **PCT/US08/73959** filed August 22, 2008 which claims priority from United States provisional application Serial Nos. **60/969,582** filed August 31, 2007 and **60/973,891** filed September 20, 2007; all applications listed above being hereinafter referred to as the "APPLICATION" and;

WHEREAS, Ideal Medical Technologies, Inc., a Delaware corporation (hereinafter referred to as "ASSIGNEE"), having a principal place of business at 725 Merrimon Avenue, P.O. Box 8756 Asheville, NC 28814, has acquired the equitable right, title and interest – and is desirous of acquiring any remaining right, title, and interest – in and to said invention as described in said application, and in and to any and all Letters Patent that shall be granted therefor in the United States of America and any other countries;

NOW, THEREFORE, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, the ASSIGNOR, have sold and by these presents do hereby sell, assign, transfer, and convey unto the ASSIGNEE, its successors and assigns, the entire right, title, and interest in and to said invention and said application, and in and to any and all continuations, continuations-in-part, or divisions thereof, and in and to any and all Letters Patent of the United States of America and all other countries or reissues thereof that may be granted therefor or thereon, for the full end of the term for which said Letters Patent may be granted, together with the right to claim the priority of said application in all other countries in accordance with the International Convention, the same to be held and enjoyed by the ASSIGNEE, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by me if this assignment and sale had not been made.

I hereby request that said Letters Patent be issued in accordance with this assignment.

I further covenant and agree that, at the time of the execution and delivery of these presents, I have the unencumbered right and authority to make this assignment. I further covenant and agree to bind my heirs, legal representatives, and assigns, promptly to communicate to the ASSIGNEE or its representatives any facts known to me relating to said invention, to testify in any interference or legal proceedings involving said invention, to execute any additional papers that may be requested to confirm the right of the ASSIGNEE, its representatives, successors or assigns to secure patent or similar protection for said invention in all countries and to vest in the ASSIGNEE complete title to said invention and Letters Patent, without further compensation, but at the expense of the ASSIGNEE, its successors, assigns and other legal representatives.

I have hereunto signed my name on the day and year set forth below.

Executed this 5th day of December, 2014.

Leon M. DeJournett
