ASSIGNMENT OF INVENTION

(United States Patent Application Serial No. 10/000,274)

John William Hunter, an individual resident of California, with an address of 15628 Bernardo Center Drive, #2606, San Diego, California 92127 (hereinafter termed "ASSIGNOR") does hereby acknowledge receipt of good and valuable consideration from Star Sports, LLC, a California limited liability company, with an address of 164 West Mission Avenue, Escondido, California 92025 (hereinafter termed "ASSIGNEE").

In exchange for such consideration, ASSIGNOR does hereby sell, assign, and transfer to ASSIGNEE his entire right, title, and interest for the United States and its territorial possessions and for all foreign countries, including all rights to claim priority, in and to any and all inventions that are disclosed in United States patent application serial no. 10/000,274; in and to such patent application; in and to any other provisional or non-provisional application that claims priority to such provisional patent application; in and to any patent that issues on an invention disclosed in the patent application; and in and to any reissue, re-examination, or extension thereof and any related statutorily provided periods of market exclusivity.

ASSIGNOR hereby represents and warrants that ASSIGNOR has the full right to convey his entire right, title, and interest herein assigned and that no assignment, sale, agreement, or encumbrance has been, or will be, made or entered which would conflict with or be prior in right to this Assignment.

ASSIGNOR further covenants that ASSIGNEE will, upon its request, be promptly provided with all pertinent facts and documents relating to said invention, said patent applications, and said patents and legal equivalents as may be known and accessible to ASSIGNORS and that ASSIGNORS will testify as to the same in any interference, litigation, or other proceeding related thereto and will promptly execute and deliver to ASSIGNEE or its legal representatives any and all papers, instruments, or affidavits required to apply for, obtain, maintain, issue, and enforce said invention and said patents and said equivalents thereof which may be necessary or desirable to accomplish the purposes thereof or of this Assignment.

IN WITNESS WHEREOF, I have hereunto set hand and seal as of the dates specified below.
