ASSIGNMENT

WHEREAS, Charles E. Tharp, having a residential address of 2905 Bluff Creek Drive, Columbia, Missouri 65201, U.S.A. (the "Assignor"), is the inventor of a certain new and useful invention (the "Invention") relating to a:

WASTEWATER TREATMENT SYSTEM AND METHOD

for which application is about to be made for Letters Patent in the United States (the "Application"); and

WHEREAS, Assignor is the owner and in full possession of the entire right, title and interest in and to said Invention, in and to said Application and in and to any and all Letters Patent that may be granted therefor; and

WHEREAS, Environmental Dynamics International, Inc., a corporation duly organized under the laws of the State of Missouri (the "Assignee"), having its principal office and place of business at 5601 Paris Road, Columbia, Missouri 65202, U.S.A., is desirous of acquiring the entire right, title and interest in and to said Invention, said Application, and any and all Letters Patent that may be granted therefor; and

NOW, THEREFORE, to all whom it may concern, be it known that, for \$1.00 and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby sell, assign and transfer unto said Assignee, the entire right, title and interest within the United States, its territories and possessions, and all foreign countries, in and to said Invention, said Application, and any and all Letters Patent that may be granted therefor in the United States, its territories and possessions, and all foreign countries, together with any and all provisionals, non-provisionals, continuations, continuations-in-part, divisions, reissues, renewals, reexaminations, substitutes or extensions thereof, and including all rights to claim priority, and Assignor does hereby authorize and request all appropriate domestic and foreign patent or government authorities in foreign countries to issue in accordance with this Assignment any and all Letters Patent that may be granted, either on said Application or otherwise for said Invention.

ASSIGNOR further covenants and agrees that he will, at any time upon request, execute and deliver any and all documents that may be necessary or desirable to perfect Assignee's rights in and to the Invention and any and all United States and/or foreign Letters Patent that may be granted on said application or otherwise for said Invention.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the day and year written below.
