GRANT OF SECURITY INTEREST IN PATENTS
(Additional Collateral)
September 1, 2014

FOR GOOD AND VALUABLE CONSIDERATION, the receipt and sufficiency of which are hereby acknowledged, Ball Dynamics International, LLC, a Colorado limited liability company (the "Grantor") with principal offices at 14215 Mead Street, Longmont, Colorado 80504, hereby grants, creates, conveys and mortgages to FI, Inc., a Colorado corporation, with principal offices c/o 11990 Grant Street, Suite 550, Northglenn, Colorado 80233 (the "Grantee"), a continuing first position security interest in: (i) all of the Grantor's right, title and interest in and to patents, patent registrations and patent applications (as well as such rights in any divisions, continuations in whole or part or substitute applications) in the United States and any other countries in which Grantor subsequently acquires patent rights including, but not limited to, those set forth on Schedule A attached hereto, (ii) any and all licenses or other use agreements for the patents and set forth in that certain Trademark Agreement effective as of January 1, 2010 between Grantor and Grantee, as amended by that certain First Amended and Restated Trademark and Patent Agreement effective September 1, 2014, which includes a security agreement that creates and provides for a continuing first position security interest ("Trademark and Patent Agreement"), and (iii) all products and proceeds of items (i), and (ii) including, without limitation, all causes of action arising prior to or after the date hereof for infringement regarding the same. Notwithstanding anything to the contrary herein, this will clarify and confirm that this grant is made in addition to existing collateral and is not a replacement of any previous grants pursuant to the Trademark and Patent Agreement.

THIS GRANT is made and entered into to secure the full and prompt performance and payment of all the obligations of the Grantor to Grantee pursuant to the Trademark and Patent Agreement (as may be further amended from time to time).

This Grant has been made and entered into in conjunction with the security interest granted to the Grantee under the Trademark and Patent Agreement. The rights and remedies of the Grantee with respect to the security interest granted herein are without prejudice to, and are in addition to those set forth in the Trademark and Patent Agreement, all terms and provisions of which are incorporated herein by reference. In the event that any provisions of this Agreement are deemed to conflict with the Trademark and Patent Agreement, the provisions of the Trademark and Patent Agreement shall govern.

The undersigned have executed this Grant effective as of the date first above written.
