CONVEYANCE OF RIGHTS

WHEREAS Siemens Energy Inc. ("SEI"), a Corporation that was organized and exists under the laws of Delaware and has its principal place of business at 4400 Alafaya Trail, Orlando, Florida 32826, and Mikro Systems, Inc. ("MSI"), a Corporation that was organized and exists under the laws of Delaware and has its principal place of business at 1180 Seminole Trail, Suite 220, Charlottesville, VA 22901 (SEI and MSI collectively referred to herein as the "Parties"), entered into an agreement dated 29 April 2011 and titled the "Development and Manufacturing Agreement" (hereinafter the "Agreement") that sets forth certain rights, limitations, and obligations regarding certain subject matter developed by the Parties, and

WHEREAS SEI and MSI agree that the terms of the Agreement apply to certain subject matter that is disclosed in one or more applications for United States Letters patent entitled:

Patent Application Title: COOLING MODULE DESIGN AND METHOD FOR COOLING COMPONENTS OF A GAS TURBINE SYSTEM

Filing Date: February 9, 2011

Filing Number: 13/023,716

Internal Case Number: 2010P22565US

and to every continuation, continuation-in-part, continuing, divisional, reissue, substitute, renewal, extension, and any other application for Letters Patent that has been or ever is filed in the United States or in any foreign country that discloses any of said certain subject matter; and in and to every original and reissued patent that has been or ever is issued in the United States or in any foreign country that discloses any of said certain subject matter (all such applications and patents collectively referred to herein as the "Patents");

NOW THEREFORE, in consideration of the mutual covenants and agreements contained herein and in the Agreement and intending to be legally bound hereby, the parties agree to the following:

SEI hereby assigns to MSI (including any respective successors, assigns and legal representatives) certain rights, title, and interest in and to the Patents in accordance with the terms of the Agreement,

MSI hereby assigns to SEI (including any respective successors, assigns and legal representatives) certain rights, title, and interest in and to the Patents in accordance with the terms of the Agreement, and

SEI and MSI (including any respective successors, assigns and legal representatives) hereby agree to limit certain of their rights in and to the Patents in accordance with the terms of the Agreement.

Siemens Energy, Inc.
