ASSIGNMENT

WHEREAS, I:

1. **Kenneth Lee PRESLEY**, residing at 809 Rock Rose Ct., Louisville, Colorado, 80027, United States of America;

(herein called "ASSIGNOR"), am the inventor of the invention entitled:

"Powered Cargo Rack for Tall Vehicles";

for which the following patent application(s):

Application Type	Application Serial No.	Filing Date
United States Patent Application	14/480,236	September 8, 2014

were submitted or filed (collectively, the "LISTED APPLICATIONS");

AND WHEREAS, **API ENGINEERING, LLC** (herein called "ASSIGNEE"), an entity organized and existing under the laws of the State of Colorado, having a principal place of business at:

1200 Diamond Circle, Suite F
 Lafayette, CO 80026
 United States of America,

is desirous of obtaining my entire right, title and interest in, to and under the said invention and the said application(s);

NOW, THEREFORE, in consideration of my contractual and other legal obligations, and other good and valuable consideration, the receipt of which is hereby acknowledged, I, a said ASSIGNOR, have sold, assigned, transferred and set over, and by these presents do hereby sell, assign, transfer and set over, unto the said ASSIGNEE, its successors, legal representatives and assigns, my entire right, title and interest in, to and under the said invention, and the said United States Application and all divisions, renewals, continuations and subsequent applications thereof, and all Patents of the United States which may be granted thereon and all reissues and extensions thereof; and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, and designs which may hereafter be filed for said invention in any country or countries foreign to the United States; together with the right to file such applications and the right to claim for the same the priority of said patent applications listed herein and applications thereof and therefrom under The International Union for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application and applications thereof and therefrom is filed, as may be applicable; and all forms of industrial property protection, including, without limitation, patents, utility models, inventors' certificates and designs which may be granted for said invention in any country or countries foreign to the United States and all extensions, renewals and reissues thereof;
