U.S. PATENT ASSIGNMENT

This **U.S. PATENT ASSIGNMENT AGREEMENT** (the "Assignment") is between **CORETRACE CORPORATION**, a corporation organized and existing under the laws of Delaware, and having an office at 6500 River Place Blvd., Building 2, Suite 105, Austin, TX 78730, United States of America (the "Assignor"), and **LUMENSION SECURITY, INC.**, a corporation organized and existing under the laws of the State of Delaware, United States of America, and having an office at 8660 East Hartford Drive, Suite 300, Scottsdale, AZ 85255, United States of America (the "Assignee").

RECITALS

WHEREAS, Assignor is the exclusive owner of the entire and exclusive right, title and interest in and to the Letters Patent, patent applications and invention submissions set forth in Appendix A hereto, including, without limitation, the inventions claimed or otherwise disclosed therein, and all reissues, re-examinations, extensions continuations, continuations-in-part, or divisions thereof and all foreign counterparts thereto (the "Patents"); and

WHEREAS, Assignor agreed by that certain Asset Purchase Agreement (the "Purchase Agreement") between the parties dated November 2, 2012 to assign to Assignee the Patents and other Intellectual Property Assets (as defined in the Purchase Agreement), and hereby desires to, and does, both (1) confirm such agreement, and (2) assign to Assignee the Assignor's entire and exclusive right, title and interest in and to the Patents.

STATEMENT OF AGREEMENT

NOW THEREFORE, for good and valuable consideration the sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

1. Assignor hereby assigns, transfers, grants, sells and conveys to Assignee all of the Assignor's right, title, and interests in and to the Patents (which is the entire and exclusive right, title and interest in and to the Patents, and which Patents, right, title, and interest are free and clear of all liens and encumbrances, and are without any restrictions, reservations or limitations of any kind), for the full term for which each of said Patents may be granted. Assignor further assigns, transfers, grants, sell, and conveys to Assignee, on the same basis: (a) the right to claim the priority to or benefit of the Patents (and the applications therefor) in all countries in accordance with any treaty, convention or law, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment, transfer, grant, sale and conveyance had not been made; and (b) the sole right to enforce said Patents with the right to sue for and recover for any and all infringements thereof, including, but not limited to, past infringements (with respect to which Assignor hereby waives any right to receive any portion thereof).

2. Assignor represents and warrants that: (a) it has the full right to make this Assignment; (b) this Assignment is effective to convey all of Assignor's rights, title and interest to Assignee; and (c) at the time of the execution and delivery of these presents, it possesses the entire and exclusive title to, right to, and interest in the Patents, free and clear of all liens, encumbrances, security interests, and other interests or rights of others.

3. Assignor further covenants and agrees to perform all such acts and execute all such documents requested by Assignee or its successors as are reasonably necessary or desirable to effect, confirm, enable, or evidence the assignment to Assignee. Assignor agrees that this Assignment shall be binding upon and inure to the benefits of the parties respective successors, heirs and assigns.

4. To the extent that any provision of this Assignment conflicts or is inconsistent with the terms of the Purchase Agreement, the Purchase Agreement shall govern.

Signed and delivered on the 2nd day of November, 2012.
