ASSIGNMENT-STATEMENT (5803.00)

This Declaration and Assignment is directed to the invention: **Remote Analyte Testing System**

I, **Stephen J. Brown**, believe I am the original inventor or an original joint inventor of a claimed invention in the application; and the application for the invention was made or was authorized to be made by me. I hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years , or both.

For good and valuable consideration, receipt of which is hereby acknowledged, I, **Stephen J. Brown**, do hereby sell, assign and transfer unto the **Invent.ly LLC**, (having its principal place of business **2995 Woodside Road 400-444, Woodside, CA 94062**, hereinafter called the "Assignee"), its successors and assigns, the entire world-wide title, interest and right, including the right of priority controlled by me, in, to and under Letters Patent of the United States, the patent application, docket number **5803.00**, which bears application serial number 14/588,032, filed 12/31/2014, ("I hereby authorize and request the agent(s) of record under customer number 24739, Central Coast Patent Agency, Inc., 3 Hangar Way, Suite D, Watsonville, CA 95076, to insert above the serial number and filing date of said application when known"), and the invention and any of them therein set forth and described, and any and all Letters Patent of the United States and of countries foreign thereto which may be granted thereon or therefore based on the original application for said U.S. Letters Patent, and all divisions, reissues, substitutions, continuations, and extensions thereof which may be granted relating thereto in any country; **and**

For the above consideration I agree promptly upon request of the Assignee, its successors or assigns, to execute and deliver without further compensation any power of attorney, assignment, application, whether original, continuation, divisional or reissue, or other papers which may be necessary or desirable fully to secure to the Assignee, its successors and assigns, the inventions and any of them, described in said application and all patent rights therein, in the

United States and in any country foreign thereto, and to cooperate and assist in the prosecution of appeal and interference proceedings involving said inventions and in the adjudication or re-examination of said Letters Patent provided the expenses which may be incurred by me in lending such cooperation and assistance be paid by the Assignee.

For the additional consideration of one dollar (\$1), receipt of which is hereby acknowledged, I, **Stephen J. Brown**, do hereby sell, assign and transfer unto the **Invent.ly LLC**, any residual rights, including all moral rights, related to the patent application, docket number **5803.00**, which bears application serial number 14/588,032, filed 12/31/2014, the invention and any of them therein set forth and described, and any and all Letters Patent of the United States and of countries foreign thereto which may be granted thereon or therefore based on the original application for said U.S. Letters Patent, and all divisions, reissues, substitutions, continuations, and extensions thereof which may be granted relating thereto in any country.
