Employee agrees to assign and does hereby grant, assign, convey and transfer to the Company (or any person or entity designated by the Company) all his right, title and interest in and to the Intellectual Property. Employee further represents that his performance of all the terms of this Agreement does not, and as an employee of the Company Employee will not, breach any agreement to keep in confidence proprietary information, knowledge or data acquired by him in confidence or in trust prior to his employment with the Company.
