## ASSIGNMENT

WHEREAS, we, WALTER FOREMAN, a citizen of the United States and a resident of Katy, Texas, and STEPHEN A. MISH, a citizen of the United States and a resident of Wellington, Florida, invented a new, original and ornamental design for which we are making application for Letters Patent as follows:

### DAMPENING RING FOR COMPRESSOR VALVE US Patent Application No. 29/515,747

WHEREAS, the above-identified invention was made, or authorized to be made by us, the undersigned; we believe that we are the original inventors of this invention; we hereby acknowledge that any willful false statement made by us in connection with procuring patent rights in this invention in the United States is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both; and

WHEREAS, DELAWARE CAPITAL FORMATION, INC., a corporation formed under the laws of the State of Delaware and having a principal office and place of business at 501 Silverside Road, Suite 5, Wilmington, Delaware 19809, USA (hereinafter referred to as "ASSIGNEE"), desires to acquire our entire worldwide right, title and interest in and to the invention, in and to the any and all patent applications filed thereon, and any and all patents that may be issued or granted in and to the invention.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we do hereby sell, assign and transfer unto said ASSIGNEE, its successors, assigns and legal representatives, the full and exclusive rights, title and interest in and to the invention throughout the world including all rights of priority, all rights to publish cautionary notices reserving ownership of the invention, and all rights to register the invention in appropriate registries and including the right to file patent applications and obtain patents, utility models, industrial models and designs for the invention throughout the world.

We hereby authorize the ASSIGNEE to apply for patent rights in its name throughout the world including any and all divisional patent applications, reissues, substitutions, subsequent continuation patent applications, continuation-in-part patent applications and extensions thereof, and that any patent granted, issued or resulting therefrom, insofar as our interest is concerned, be granted and issued to the ASSIGNEE.

We further agree to execute any and all powers of attorney, application documentation, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such rights, title and interest in ASSIGNEE, its successors, assigns and legal representatives.

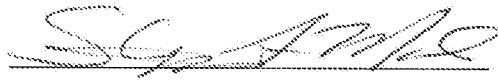

We hereby further agree that we will communicate to said ASSIGNEE, or to its successors, assigns and legal representatives, any facts known to us respecting any improvements; and, at the expense of said ASSIGNEE, to testify in any legal proceedings, sign
