## ASSIGNMENT

The undersigned (hereinafter "Assignor") hereby confirms that, pursuant to his position with Architectural Data Systems, LLC ("Assignee") and for good and valuable consideration, Assignor had, no later than June 1, 2008

1. Sold, assigned and transferred to Assignee the entire right, title and interest in and to patent applications 11/736,376, 11/184,167, and 10/085,115 (collectively, the "Applications"), any inventions disclosed therein and any other applications to which any of the Applications claims priority benefit, including but not limited to related provisional applications, any other patent applications based in whole or in part upon any of the Applications in any country (including divisional, renewal, substitute, continuation, and continuation-in-part applications), and all patents which may be granted thereon (including all reissues, reexaminations, and extensions thereof);

2. Authorized Assignee to file patent applications on any invention disclosed or claimed in any of the Applications (the "Inventions") in any country in the name of Assignee, or otherwise as Assignee may deem advisable;

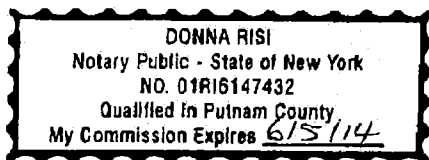

Further, to the extent that Assignor retains any right, title or interest in any of the Applications or the Inventions, the Assignor, for good and valuable consideration, receipt and adequacy of which is acknowledged, hereby sells, assigns and transfers that right, title or interest to Visions Computer Imaging Systems, Ltd., a corporation organized under the laws of the Province of Ontario, Canada.
