ASSIGNMENT AND AGREEMENT

WHEREAS Life Spine, Inc., a corporation of the State of Delaware, United States, having an office at 13951 South Quality Drive, Huntley, Illinois 60142, United States, (hereinafter referred to as "Life Spine"), does hereby execute this Assignment and Agreement, through its President and CEO, Michael S. Butler.

NOW THEREFORE, for value received, Life Spine does hereby sell, assign and transfer to Centric Medical, LLC, a limited liability company of the State of Delaware, United States, having an office at 13951 South Quality Drive, Huntley, Illinois 60142, United States, (hereinafter referred to as "Centric Medical") and its successors, assigns and/or legal representatives, the entire right, title and interest, for the United States of America, in and to the following inventions: 1. "Foot Implant For Bone Fixation" as described in United States Provisional Patent Application serial number 61/936,644 filed February 6, 2014, attorney docket number LSP100P, and assigned by the inventor thereof to Life Spine, Inc. in an assignment executed by the inventor on February 12, 2014 and recorded at the United States Patent and Trademark Office by the Assignment Recordation Branch on February 12, 2014 at Reel/Frame 032204/0214; and 2. "Foot Bone Plate Providing Fixation and Compression" as described in United States Provisional Patent Application serial number 61/938,849 filed February 12, 2014, attorney docket number LSP101P, and assigned by the inventors thereof to Life Spine, in an assignment executed by the inventors on February 13, 2014 and February 14, 2014, respectively, and recorded at the United States Patent and Trademark Office by the Assignment Recordation Branch on February 18, 2014 at Reel/Frame 032231/0908; and any and all corresponding non-provisional patent applications claiming the benefit of one or more of the aforesaid United States Provisional Patent Applications, and all the rights and privileges in any Letters Patents resulting from any and all said patent applications; and Life Spine also concurrently hereby sells, assigns and transfers to Centric Medical the entire right, title and interest in and to said inventions for all countries foreign to the United States, including all rights of priority arising from the applications aforesaid, and all the rights and privileges under any and all forms of protection, including Letters Patents, that may be granted in said countries foreign to the United States for said inventions.

Life Spine authorize Centric Medical to make application for such protection in its own name and maintain such protection in any and all countries foreign to the United States and to invoke and claim for any application for patent or other form of protection for said inventions, without further authorization from Life Spine, any and all benefits, including the right of priority provided by any and all treaties, conventions, or agreements.

Life Spine hereby consents that a copy of this assignment shall be deemed a full legal and formal equivalent of any document which may be required in any

country in proof of the right of Centric Medical to apply for patents or other forms of protection for said inventions and to claim the aforesaid benefit of the right of priority.

Life Spine requests that any and all patents for said inventions be issued to Centric Medical in the United States and in all countries foreign to the United States or to such nominees as Centric Medical may designate.

Life Spine agrees that, when requested, they shall, without charge to Centric Medical, but at its expense, sign all papers, and do all acts which may be necessary, desirable or convenient in connection with said applications, patents, or other forms of protection.
