AND WHEREAS, JORO Manufacturing Company Ltd., having an address of 48 East Lake Green NE, Airdrie, Alberta T4A 2J2, Canada, (hereinafter "Assignee"), desires among other things to acquire Assignors' entire right, title, interest and benefit for the United States, Canada and all other countries and jurisdictions in and to the Invention and Application.

NOW THEREFORE, in exchange for consideration given, the receipt and sufficiency of which are hereby acknowledged, Assignors hereby confirm that they have sold, assigned, transferred and set over to Assignee and, for greater certainty, do hereby sell, assign, transfer and set over to Assignee, and to Assignee's successors, assigns, nominees or other legal representatives, their entire right, title, interest, property and benefit in and for United States, Canada and all other countries and jurisdictions in and to the Invention, together with their entire right, title, interest, property and benefit in and to the Application, and any applications corresponding or claiming priority thereto in any country or jurisdiction, including any and all corresponding utility applications whether in the form of divisions, continuations, re-examinations, re-issues and extensions thereof, any and all Letters Patent and Registrations that may issue, be granted or result therefrom for the Invention, and any and all rights of priority resulting from the filing of the Application, the said corresponding applications and any previously filed applications in respect of the Invention under international conventions, treaties or otherwise, the same to be held and enjoyed as fully and exclusively as the same would have been held and enjoyed by Assignor had this sale, assignment, transfer and setting over not been made;
