ASSIGNMENT

The undersigned inventors, **Rudolf Lessmann**, residing at Leichlingerstrasse 60, Duesseldorf, 40591 Dresden, Germany, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, does hereby sell, transfer, and assign to the Assignee, **Novaled GmbH**, a corporation organized and existing under the laws of Germany, and having a place of business at Tatzberg 49, 01307 Dresden, Germany, the right, title, and interest for the territory of the United States of America, in and to the invention entitled "**Array of Several Organic Semiconductor Components and Method for the Production Thereof**" as described and claimed in the application for Letters Patent filed in the United States Patent and Trademark Office on **23 July 2014**, under Application Serial No. **14/374,115** the entire right, title, and interest in and to said application and in and to any divisions, continuations, reexaminations, and reissues thereof; and does hereby request the Commissioner of Patents and Trademarks of the United States of America to issue said Letters Patent to the Assignee, for its interest, for the sole use of the Assignee and its successors, assigns and legal representatives, as fully and entirely as the same would have been held by us had this assignment not been made;

AND, for the same consideration, agrees to sign all lawful papers, execute all division, continuing, reissue and other applications, make all assignments and rightful oaths, and generally do everything possible to aid the Assignee, its successors, assigns, and nominees, to obtain and enforce proper protection for all said inventions and improvements in the United States of America.
