ASSIGNMENT OF PATENTS

WHEREAS, Josef Kühmann, a an individual and a citizen of Germany, with an address at Königstrasse 51, 48366 Laer, Germany (hereinafter referred to as "Assignor"), is the owner of the entire right, title and interest in and to certain patents and/or patent applications listed on Exhibit A annexed hereto and made a part hereof (the "Patents"); and

WHEREAS, Assignor has agreed to assign the Patents to Farmer Automatic GmbH & Co. KG, a limited partnership organized under the laws of Germany, with an address at Königstrasse 51, 48366 Laer, Germany (hereinafter referred to as "Assignee"), which is desirous of acquiring all rights to the Patents.

NOW, THEREFORE, for good and valuable consideration, the sufficiency and receipt of which are hereby acknowledged, Assignor hereby assigns to Assignee, its successor and assigns, free and clear of all liens, claims and encumbrances, all right, title and interest in and to each of the Patents and their respective registrations, including all divisional, renewal, substitute, continuation and applications based in whole or in part upon the Patents and any and all letters patent and reissues and extensions and every proprietary right that is or may be predicated upon or arise from the Patents; Assignee being hereby authorized to file patent applications in any or all countries on any or all the Patents in the name of Assignor or in the name of Assignee or otherwise as Assignee may deem advisable, under the International Convention or otherwise; the Commissioner of Patents and Trademarks of the United States of America being hereby authorized to issue or transfer all the Patents to Assignee in accordance herewith; this Assignment being under covenant, not only that full power to make the same is had by Assignor, but also that such assigned right is not encumbered by any grant, license, or other right theretofore given, and that Assignor will do all acts reasonably serving to ensure that the Patents shall be held and enjoyed by Assignee as fully and entirely as the same could have been held and enjoyed by Assignor if this Assignment had not been made, and particularly to execute and deliver to Assignee all lawful documents including petitions, specifications, oaths, assignments, invention disclaimers, and lawful affidavits in form and substance which may be requested by Assignee, to furnish Assignee with all facts relating to said Patents or the history thereof and any and all documents, photographs, models, samples or other physical exhibits which may be of the Patents, and to testify in any proceedings relating to the Patents.
