PATENT ASSIGNMENT AGREEMENT

This Patent Assignment Agreement dated February 23, 2015 (this "Agreement") is by and between Digital Networks North America, Inc. ("Assignor"), a Delaware corporation with its principal place of business located at 100 Corporate Dr., Mahwah, NJ 07430, and D&M Holdings US Inc. ("Assignee"), a Delaware corporation with its principal place of business located at 100 Corporate Dr., Mahwah, NJ 07430. Assignor and Assignee may each be referred to herein individually as a "Party" and collectively as the "Parties."

WHEREAS, Assignor is the owner of certain issued U.S. and foreign patents and patent applications pending in the U.S. and foreign countries; and

WHEREAS, Assignee wishes to own Assignor's entire right, title, and interest in and to the claims of the issued U.S. and foreign patents and pending patent applications, in all countries throughout the world; and

NOW, THEREFORE, subject to the terms, conditions, covenants and provisions of this Agreement, and for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto, intending legally to be bound, agree as follows:

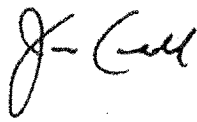

1. Transfer. For good and valuable consideration in the amount of Two Hundred Seventy Four Thousand Dollars (\$274,000), receipt of which is hereby acknowledged, Assignor hereby assigns, transfers and conveys to Assignee, its successors and assigns forever, and Assignee does hereby accept, (i) all of Assignor's right, title and interest in, to and under the issued patents and patent claims listed in Exhibit A ("the Patents"), free from encumbrances; and (ii) all causes of action, past, present, and future, for infringement, unfair competition or otherwise with respect to the Patents.
2. Payment. On the Effective Date, Assignee will pay to Assignor the sum of Two Hundred Seventy Four Thousand Dollars (\$274,000) by certified check or wire transfer, as specified by Assignor.
3. Further Assurances. Assignor will, upon the written request of Assignee, its successors or assigns, execute all documents, prepared at the expense of Assignee, its successors or assigns, necessary or practicable in order to perfect Assignee's foreign and domestic title to any and all rights in the Patents conveyed hereunder, including, but not limited to, recordal of this Agreement to reflect Assignee's ownership therein. Assignor will not do or omit to do any act, matter or thing whereby the rights or the assignability of the rights in the Patents may be prejudicially affected. In the event that the validity or effect of the rights in the Patents is challenged on any point on which Assignor has or can procure information or advice which may assist in meeting, defeating or reducing the effect of such challenge, Assignor agrees and undertakes to supply, or procure the supply of, such information or advice without unreasonable delay but subject to the right to charge Assignee out-of-pocket expenses properly and reasonably incurred by Assignor in so doing.
4. Representations and Warranties. Assignor hereby represents and warrants that it is the owner of and has the full right to convey the entire interest herein assigned, and further that it has not executed and will not execute any agreement in conflict herewith and that it has not done or omitted and will not do or omit to be done any act, matter or thing whereby the rights in the Patents or the rights granted herein may be challenged or otherwise damaged or eroded.

5. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of New Jersey, excluding its conflicts of law rules.

6. Prior Agreements. This Agreement merges and supersedes all prior and contemporaneous agreements, assurances, representations, and communications between or among the parties hereto concerning the matters set forth herein.

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed by their duly authorized representatives as of the day and year first above written.
