## ASSIGNMENT

I/We,

(1) Neil Ovadia, of Englewood Cliffs, NJ, USA; and

(2) George W. Adamson, of Princeton Junction, NJ, USA,

for good and valuable consideration, receipt of which is hereby acknowledged, have assigned, sold and transferred to, by virtue of my/our agreement with Eos Energy Storage, LLC and do hereby assign, sell and transfer to, Eos Energy Storage, LLC, a limited liability corporation organized and existing under the laws of the State of Delaware and having an office and a place of business at 214 Fernwood Avenue, Edison, NJ 08837, its successors and assigns, all hereinafter referred to as the ASSIGNEE:

(1) the entire right, title and interest in the United States and in all countries throughout the world in and to any and all of my/our inventions and discoveries disclosed in the United States Design Application for Patent entitled CONTAINMENT TRAY FOR BATTERY MODULES, and filed in the United States Patent and Trademark Office on January 7, 2015, under Application Number 29/513,935 and to any applications claiming priority therefrom;

(2) the full and complete right to file patent applications in the name of the ASSIGNEE, its designee, or in my/our name at the election of the ASSIGNEE or its designee, on the aforesaid inventions, discoveries and applications in the United States and in any other country of the world;

(3) the entire right, title and interest in and to any Letters Patent which may issue thereon in the United States or in any other country of the world, and in and to any renewals, revivals, reissues, reexaminations, extensions, continuations and divisions thereof; and

(4) the entire right, title and interest in and to all Convention and Treaty Rights of all kinds thereon, including without limitation all rights of priority in any country of the world, in and to the above inventions, discoveries and applications.

I/We hereby authorize and request the competent authorities to grant and to issue any and all such Design patents and Letters Patent in the United States and throughout the world to the ASSIGNEE of the entire right, title and interest therein, as fully and entirely as the same would have been held and enjoyed by me/us had this assignment and transfer not been made.

I/We agree, at any time, upon the request of the ASSIGNEE to execute and to deliver to the ASSIGNEE any additional applications for patents for said inventions and discoveries, or any part or parts thereof, and any applications for patents of confirmation, registration and importation based on any Design Patent or Letters Patent issuing on said inventions, discoveries or applications, and divisions, continuations, renewals, revivals, reissues, reexaminations and extensions thereof.

I/We further agree at any time to execute and to deliver upon request of the ASSIGNEE such additional documents, if any, as are necessary or desirable to secure patent protection on said inventions, discoveries and applications throughout all countries of the world, and otherwise to do the necessary to give full effect to and to perfect the rights of the ASSIGNEE under this Assignment, including the execution, delivery and procurement of any and all further documents evidencing this assignment, transfer and sale as may be necessary or desirable.
