ArthroCare Corporation and its affiliated companies, having a principal place of business at 7000 W. William Cannon Drive, Building 1, Austin, Texas 78735 (the "Assignee"), desires to secure its rights, title and interest in the above-identified United States patent application in accordance with the ownership provisions set forth between ArthroCare Corporation and IMDS LLC in that certain Joint Development Agreement effective October 17, 2011, and that certain Statement of Work #1 effective October 17, 2011, and any amendments pertaining thereto (the "Agreements").

In consideration of value paid or granted to Assignors by the Assignee pursuant to the Agreements with the Assignee, the receipt and sufficiency of which are hereby acknowledged,

EFFECTIVE OCTOBER 18, 2012, ASSIGNORS HEREBY ASSIGN TO THE ASSIGNEE:

the entire right, title, and interest as set forth in the Agreements in the above-identified United States patent application limited to the disclosure relating to the surgical tool for inserting a tensioned ligament into a patient, as shown in figures 1-4, ("Inserter Tool Disclosure") and in all divisions, continuations, and continuations-in-part of said application limited to the Inserter Tool Disclosure, or reissues or extensions of letters patent or patents granted thereon limited to the Inserter Tool Disclosure, in all corresponding applications filed under the Patent Cooperation Treaty ("PCT") limited to the Inserter Tool Disclosure, and in all corresponding applications filed in any countries, territories, or jurisdictions worldwide, and in all patents issuing thereon in the United States and in any countries, territories, and jurisdictions worldwide limited to the Inserter Tool Disclosure; and

the right to file PCT or foreign patent applications limited to the Inserter Tool Disclosure in its own name, wherever such right may be legally exercised, including the right to claim the benefits of the International Convention for such applications.

Assignors retain the entire right, title, and interest in the above-identified United States patent application for all remaining disclosure (excluding the Inserter Tool Disclosure),

PATENT

REEL: 035047 FRAME: 0927

for example, as shown in figures 5A-15 ("Other Disclosure") and in all provisional, nonprovisionals, divisions, continuations, and continuations-in-part of said application relating to the Other Disclosure, or reissues or extensions of letters patent or patents granted thereon relating to the Other Disclosure, in all corresponding applications filed under the Patent Cooperation Treaty ("PCT") relating to the Other Disclosure, and in all corresponding applications filed in any countries, territories, or jurisdictions worldwide, and in all patents issuing thereon in the United States and in any countries, territories, and jurisdictions worldwide relating to the Other Disclosure; and

the right to file PCT or foreign patent applications on the Other Disclosure in its own name, wherever such right may be legally exercised, including the right to claim the benefits of the International Convention for such applications.

Assignors hereby authorize and request the United States Commissioner of Patents and Trademarks, and such Patent Office officials in all countries, territories, and jurisdictions worldwide as are duly authorized by their patent laws to issue patents, to issue patents on the inventions relating to the Inserter Tool Disclosure to the Assignee as the owner of all rights, title, and interests in and to the inventions relating to the Inserter Tool Disclosure, for the sole use and benefit of Assignee, its successors, assigns and legal representatives.

Assignors hereby authorize and request such Patent Office officials affiliated with the International Bureau of WIPO and duly authorized under the PCT to prosecute any PCT application on inventions relating to the Inserter Tool Disclosure for the benefit of the Assignee as the owner of all rights, title, and interests in and to the inventions relating to the Inserter Tool Disclosure, for the sole use and benefit of Assignee, its successors, assigns and legal representatives.

This assignment and agreement shall be binding upon Assignors, their affiliates and legal representatives.
