PATENT ASSIGNMENT

WHEREAS, Wadsworth Medical Technologies, Inc., a Delaware corporation with an address at 5 Harvest Way, Westborough, MA 01581 USA (hereinafter the "Assignor"), is the owner by assignment from the named inventors recorded with the U.S. Patent and Trademark Office of all rights, titles and interests in the patent application and improvements disclosed and described therein as listed on Schedule A attached hereto, collectively referred to herein as the "Patent Applications"; and

WHEREAS, DQ Holdings, LLC, a Nevada limited liability company with an address at 730 N. Post Oak Road, Suite 202, Houston, TX 77024 USA (hereinafter the "Assignee"), is desirous of acquiring all rights, title and interests in and to the Patent Applications

NOW, THEREFORE, in view of the receipt of ten U.S. dollars (US\$10.00), and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby sell, assign and transfer unto said Assignee, its successors, assigns and legal representatives, Assignor's entire right, title and interest in and throughout the United States of America (including its territories and dependencies) and all countries foreign thereto in and to the Patent Applications including all United States Patent and non-U.S. applications listed on Schedule A, any other United States patent applications corresponding to or claiming priority thereto or therefrom, including any provisional, divisional, renewal, substitute, continuation, reexamination and reissue applications, based in whole or in part on one or more of said Patent Applications, any foreign applications, including international and regional applications, based in whole or in part on any of the aforesaid Patent Applications, in and to any and all letters patent, including extensions thereof, of any country which have been or may be granted on any of the aforesaid Patent Applications or any part(s) thereof, and in and to any right of recovery for prior damages due to infringement or misappropriation of the rights under the Patent Applications;

AND, Assignor hereby agrees for itself and for each of Assignor's successors, executors, administrators and/or legal representatives to execute without further consideration any further documents and instruments which may be necessary, lawful and/or proper in the prosecution of said Patent Applications or in the preparation or prosecution of any continuing, substitute, divisional, renewal, reexamination or reissue application or in any amendments, extensions or interference proceedings, or other applications for patents of any region or country, that may be necessary to secure to Assignee its interest and title in and to said Patent Applications or any part(s) thereof, and in and to said several patents that may issue from said Patent Applications or any of them;

AND, Assignor hereby covenants for itself and Assignor's successors, executors, administrators and/or legal representatives, and agrees with said Assignee, its successors and assigns, that Assignor has granted no right or license to make, use, sell or offer to sell said Patent Applications, to anyone except said Assignee, that prior to the execution of this assignment, Assignor's rights, title and interest in said Patent Applications had not been otherwise encumbered, and that Assignor has not and will not execute any instrument in conflict therewith;

AND, Assignor does hereby authorize and request the United States Commissioner for Patents to issue any and all Letters Patent which may be granted upon said United States Patent Applications or any part(s) thereof when granted, to said Assignee.

IN WITNESS WHEREOF, Assignor and Assignee hereunto set their hands and seals.
