ASSIGNMENT

THIS ASSIGNMENT, made by **Clemson University**, a constituent institution of South Carolina and an educational institution chartered under the laws of the State of South Carolina, ("Assignor");

WITNESSETH: That,

WHEREAS, Assignor is a co-owner of the right, title, and interest in and to certain new and useful improvements in: (a) **LOCKABLE KNEE IMPLANTS AND RELATED METHODS** for which U.S. Patent Application No. 13/944,161 was filed on July 17, 2013 in the United States Patent and Trademark Office; and (b) **LOCKABLE IMPLANTS AND RELATED METHODS** for which U.S. Patent Application No. 13/944,606 was filed on July 17, 2013 in the United States Patent and Trademark Office;

WHEREAS, **Clemson University Research Foundation**, ("CURF"), having a principal place of business at Post Office Box 946, Clemson, South Carolina 29633-0946, hereinafter referred to as Assignee, is desirous of acquiring the entire right, title and interest in and to said invention(s) as described in said applications, and in and to any and all Letters Patent which shall be granted therefor in the United States of America;

NOW, THEREFORE, To All Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the above Assignor has sold and/or by these presents does hereby sell, assign, transfer, and/or convey unto the said Assignee, its successors and assigns, the entire right, title, and interest in and to said applications, and in and to any and all continuations, continuations-in-part, and divisionals thereof and in and to any and all Letters Patent of the United States of America as well as any reissues or other forms of protection thereof which may be granted therefor or thereon, for the full end of the term for which said Letters Patent may be granted along with any term extensions or adjustments thereon or therefor, along with the right to collect past damages, the same to be held and enjoyed by said Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made.

The Assignor hereby requests that said Letters Patent(s) be issued in accordance with this assignment.

The Assignor covenants and agrees to promptly communicate to said Assignee or its representatives any facts known to the Assignor relating to the applications, to testify in any interference or legal proceedings involving said applications, to execute any additional papers

which may be requested to confirm the right of the Assignee, its representatives, successors, or assigns to secure patent or similar protection in all countries and to vest in the Assignee complete title to the said applications and Letters Patent(s), without further compensation, but at the expense of said Assignee, its successors, assigns, and other legal representatives; and the Assignor hereby instructs, and further covenants and agrees to bind its legal representatives and assigns, to do same, without further compensation, but at the expense of said Assignee or its representatives.

IN WITNESS WHEREOF, the Assignor has caused this assignment to be executed this 16th day of February, 2015. The undersigned warrants and represents that he/she has the authority to sign this Assignment on behalf of the Assignor, **Clemson University**.
