This Assignment is dated 18 December 2012 and is made between:-

1. **Jonathan Nicholas Ridgway**

of 28 Manor Close, Hemingbrough, Selby, YO8 6QB, United Kingdom

(hereinafter referred to as "**the Assignor**") of the one part; and

2. **Smith & Nephew UK Ltd** a company with company number 04421171 having its registered office at 15 Adam Street, London, WC2N 6LA; (hereinafter referred to as "**the S&N Employer**") of the other part.

Whereas:-

- A. The Assignor is, or at the relevant time was, an employee of **S&N Employer** and the Assignor has, acting in the ordinary course of his/her employment with S&N Employer, made an invention titled "Automated Fluid Collection System" patent application number GB 0817515.0 (hereinafter referred to as "**the Invention**"), being the invention a summary of which is set out in the Schedule to this Assignment, and for the purposes of this Assignment the Invention shall include any improvement, enhancement or addition thereto made by the Assignor and any invention derived therefrom or based thereon made by the Assignor; and
- B. The S&N Employer has, by virtue of the provisions of Section 39 of the Patents Act 1977 as amended, become the owner of the title to and rights in the Invention, and S&N Employer and the Assignor wish to record in writing the formal transfer of the rights and title and other interest in the Invention to S&N Employer.

Now Therefore It is Hereby Agreed as follows:-

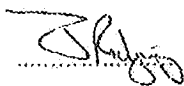

1. In consideration of the sum of £1-00, such sum to be paid by S&N Employer to the Assignor within thirty (30) days of a demand in writing by the Assignor requiring payment of the same, and with the intention of perfecting and/or confirming the legal title and other rights of S&N Employer to and in respect of the Invention, the Assignor hereby assigns and transfers to S&N Employer, with a full title guarantee, all his/her right, title and interest in and to the Invention together with all the rights, powers, privileges and immunities arising or accrued therefrom, including the right to make applications for patent or other similar protection for the Invention anywhere in the world to the intent that the grant of a patent or other similar protection pursuant to such application or any further application shall be in the name of and vest in S&N Employer to hold the same absolutely.
2. At the request of and at the expense of S&N Employer the Assignor shall assist in the prosecution of any application made in respect of the Invention, and the Assignor will execute all such documents, including but not limited to assignments of copyrights in any and all drawings setting out or describing or illustrating the Invention or any part or element or feature of the Invention, and the Assignor shall do all such acts as may be necessary or proper to obtain the acceptance of such application and for procuring the grant of a patent or other similar protection pursuant to such application and for maintaining and enforcing the patent or other similar protection.
3. This Assignment shall be deemed to have been effected in England under and in accordance with the laws of England and shall be construed in accordance with and governed in all respects by the laws of England.

In Witness whereof this Assignment has been signed on the page next following by the Assignor and on behalf of S&N Employer.

The Schedule : Description or Summary of the Invention
