ASSIGNMENT

WHEREAS, I, Md Muntasir Ul Alam (hereinafter referred to as ASSIGNOR), having a mailing address of 203-6444 Willingdon Avenue, Burnaby, British Columbia, Canada V5H 2V6, am the sole inventor of an invention entitled "HYBRID RESONANT BRIDGELESS AC-DC POWER FACTOR CORRECTION CONVERTER," as described and claimed in the specification for which an application for United States letters patent was filed on March 4, 2015, and assigned Application No. 14/638,938; and for which a U.S. Provisional Application was filed on March 14, 2014 and assigned Application No. 61/953,500;

WHEREAS, Delta-Q Technologies Corp. (hereinafter referred to as ASSIGNEE), a corporation of Canada having a place of business at 3755 Willingdon Avenue, Burnaby, British Columbia, Canada V5G 3H3, is desirous of acquiring the entire right, title and interest in and to the invention and in and to any letters patent that may be granted therefor in the United States and in any and all foreign countries;

NOW, THEREFORE, in exchange for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, ASSIGNOR hereby sells, assigns and transfers unto said ASSIGNEE, the entire right, title and interest in and to said invention, said application and any and all letters patent which may be granted for said invention in the United States of America and its territorial possessions including any extensions or adjustments in term thereof and in any and all foreign countries, and in any and all divisions, reissues and continuations thereof, including the right to file foreign applications directly in the name of ASSIGNEE and to claim priority rights deriving from said United States application to which said foreign applications are entitled by virtue of international convention, treaty or otherwise, and including the right to sue and collect damages for past and present infringement of said letters patent; said invention, application and all letters patent on said invention to be held and enjoyed by ASSIGNEE and its successors and assigns for their use and benefit and of their successors and assigns as fully and entirely as the same would have been held and enjoyed by ASSIGNOR had this assignment, transfer and sale not been made. ASSIGNOR hereby authorizes and requests the Commissioner of Patents and Trademarks to issue all letters patent on said invention to ASSIGNEE. ASSIGNOR agrees to execute all instruments and documents required for the making and prosecution of applications for United States and foreign letters patent on said invention, for litigation regarding said letters patent, or for the purpose of protecting title to said invention or letters patent therefor.

Assignee's counsel is authorized to insert the official filing date and application number information when it becomes available.

This assignment is made effective as of March 14, 2014.
