And

WHEREAS, the University of Maine System Board of Trustees, of 107 Maine Avenue, Bangor, Maine 04401 ("the University"), desires to acquire the entire interest in and to the invention and any Letters Patent that may issue for the invention;

THEREFORE, to all whom it may concern, know that, in consideration for the sum of One Dollar (\$1.00) and other valuable consideration paid to us, the receipt of which is acknowledged, I/we, Michael A. Bilodeau, now sell, assign and transfer to the Company, or its successors or assigns, the entire right, title and interest in and to the invention, including the Application, any provisional application to which the Application claims priority, and any non-provisional, continuation, division or continuation-in-part application derived from the Application in the United States and all foreign countries, including the right of priority under

the International Convention of 1883 and its later modifications, and to any Letters Patent that may issue from the Application or for the invention in any country of the world; and I/we request the Commissioner of Patents and Trademarks of the United States to issue to the Company any Letters Patent that may issue from the Application or for the invention, in accordance with the terms of this assignment.

I/we agree to execute any and all further documents required by the University, its successors or assigns, for the prosecution of the Application, or of any division, continuation, continuation-in-part, reissue, or reexamination of the Application, or for securing foreign patents covering the invention, and also any further documents required by the University its successors or assigns to more fully vest in itself the entire right, title, and interest to the invention or to any further application or patent that may be filed or secured on the invention.
