ASSIGNMENT

In consideration of One Dollar (\$1.00), and other good and valuable considerations, the receipt of which is hereby acknowledged, we, the undersigned, 1) Timothy Charles HOAGLAND, a U.S. citizen, residing at 3143 East 68th Street, Tulsa, Oklahoma 74136; 2) Xue CHANG, a U.S. citizen, residing at 1304 E 76th Street N., Owasso, Oklahoma 74055; and 3) Joshua Dean MITCHELL, a U.S. citizen, residing at 1316 S. Juniper Ave., Broken Arrow, OK 74012;

Hereby sell, assign and transfer to Hubbell Incorporated, a corporation of the State of Connecticut, having a place of business at 40 Waterview Drive, P.O. Box 1000, Shelton, CT 06484-1000, its successors, assigns and legal representatives, the entire right, title and interest for all countries, in and to any and all inventions and improvements which are disclosed and claimed, and as possessed by the undersigned, any and all inventions and improvements which are disclosed but not claimed, in the application for United States Patent, which application was filed March 4, 2015, and is entitled

POWER-OPERATED MOLD CLAMPING SYSTEM FOR EXOTHERMIC REACTION WELDING

and in and to said application and all divisional, continuing, substitute, renewal, reissue and all other applications for Letters Patent which have been or shall be filed on any of said inventions and improvements disclosed in said application; and in and to all original reissued patents which have been or shall be issued on said inventions and improvements;

Authorize and request the Commissioner of Patents & Trademarks to issue to said Assignee, the corporation above named, its successors, assigns and legal representatives, in accordance with this assignment, any and all United States Letters Patent on said inventions and improvements, or any of them, disclosed in said application;

Agree that said Assignee may apply for and receive foreign Letters Patent for said inventions and improvements, or any of them; and may claim, in applications for said foreign Letters Patent, the priority of the aforesaid United States application under the provisions of the International Convention; and that, when requested, without charge to but at the expense of said Assignee, its successors, assigns, and legal representatives, to carry out in good faith the intent and purpose of this assignment, the undersigned will, for the United States and all foreign countries, execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all said inventions and improvements; execute all rightful oaths, assignments, powers of attorney and other papers; communicate to said Assignee its successors, assigns and representatives, all facts known to the undersigned relating to said inventions and improvements and the history thereof; testify in all legal proceedings; and generally do everything possible which said Assignee, its successors, assigns or representatives shall consider desirable for aiding in securing, maintaining and enforcing proper patent protection for said inventions and improvements and for vesting title to said inventions and improvements and all applications for patents and all patents on said inventions and improvements, in said Assignee, its successors, assigns and legal representatives; and

Covenant with said Assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.
