PATENT ASSIGNMENT

This PATENT ASSIGNMENT ("Assignment") is entered into as of this 2nd day of February, 2015, by Producers Rice Mill, Inc., an Arkansas corporation with a business address at P.O. Box 461, Stuttgart, Arkansas 72160 ("Assignor") in favor of Wildgame Innovations, LLC, a Louisiana limited liability company with a business address at 3849 Plaza Tower Drive, Baton Rouge, Louisiana 70816 ("Assignee").

WHEREAS, Assignor owns United States Patent No. 6,616,924, issued September 9, 2003, by virtue of an assignment recorded at Reel No. 010840, Frame No. 0929, on June 2, 2000 (the "Patent");

WHEREAS, Assignor and Assignee's subsidiary, Evolved Industries, Inc. ("Evolved"), are parties to agreements providing for the transfer of the Patent upon the fulfillment by Evolved of certain purchase quotas, including a Marketing and Supply Agreement dated March 29, 2005 and an Agreement dated November 3, 2008 (collectively "Supply Agreements");

WHEREAS, Evolved has fulfilled the purchase quotas of the Supply Agreements thereby obligating Assignor to transfer the Patent to Assignee as Evolved's designee, and Assignee is desirous of acquiring the entire interest in the Patent.

NOW, THEREFORE, for good and valuable consideration, the receipt, adequacy, and sufficiency of which are acknowledged, Assignor hereby agrees:

1. Assignment. Assignor hereby sells, assigns, transfers and sets over unto Assignee its entire right, title and interest in, to, and under the Patent, including without limitation, the inventions and improvements described and claimed therein, all extensions, reissues, and reexaminations thereof, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns, and other

legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made, together with all rights to collect royalties and other proceeds in connection with any of the foregoing and all rights to recover damages or lost profits in connection therewith.

2. Covenants; Representations. Assignor covenants, represents, and warrants:

2.1 That no assignment, sale, agreement or encumbrance has been or will be made or entered into by Assignor which would conflict with this Assignment;

2.2 That it has not heretofore directly or indirectly, whether personally or through others, pledged, mortgaged, or otherwise encumbered the rights conveyed in this Assignment, which rights are free and clear of all liens, encumbrances, and conflicting claims;

2.3 That upon Assignee's request, it will promptly provide Assignee with all pertinent facts and documents relating to the Patent as may be known and accessible to Assignor, and will testify as to the same in any interference or litigation related thereto, and will promptly execute and deliver to Assignee or its legal representative all papers, instruments or affidavits required to maintain and enforce the Patent, which may be necessary or desirable to carry out the purposes hereof.

3. Successors. This Assignment shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, legal representatives, successors, and assigns.

4. Governing Law. This Assignment shall be governed by and interpreted in accordance with the laws of the State of Louisiana without giving any effect to any choice of law or conflict of law rules or provisions that would cause the application of the laws of any jurisdiction other than the State of Louisiana.

IN WITNESS WHEREOF, the undersigned has caused this Assignment to be executed in Assignor's name by Assignor's duly authorized officer as of the date first above written.

PRODUCERS RICE MILL, INC.

By: 

Name: Jason Chastain
