SCHEDULE "D"
PATENT ASSIGNMENT

This is a Patent Assignment dated December 11, 2014 by and between Alberta Innovates – Technology Futures, 250 Karl Clark Road, Edmonton, AB T6N 1E4 (the "Assignor") and Sultech Global Innovations Corp. having an address of Suite 1600, 333 – 7th Avenue S.W., Calgary, Alberta T2P 2Z1 (the "Assignee").

For valuable consideration, the receipt of which is hereby acknowledged, Assignor sells, assigns and transfers unto Assignee, its successors and assigns, Assignor's full and exclusive right to the patents and patent applications listed on attached Exhibit 1, (hereinafter collectively referred to as "Patents"), all divisions, reissues, and continuations thereof, and all inventions disclosed therein, together with all claims for damages by reason of past or future infringement, with the right to sue for and collect the same for the use and benefit of Assignee and its successors and assigns. Assignor agrees for itself and for its successors and assigns that, at Assignee's request, it will cause to be executed and delivered any applications, affidavits, assignments, and other instruments as may be deemed necessary or desirable to secure for or vest in Assignee, its successors or assigns, all right, title, and interest in and to any application, patent, or other right or property covered by this assignment, including the right to apply for and obtain patents in foreign countries under the provisions of the International Convention or otherwise; and Assignor hereby requests and authorizes the United States Commissioner of Patents and Trademarks to issue any and all United States patents granted on any of said applications to Assignee as owner of the entire right, title, and interest in and to the same, and authorize appropriately empowered officials of foreign countries to issue any letters patent granted on any of said applications to Assignee as owner of the entire right, title, and interest in and to the same.
