ASSIGNMENT

WHEREAS, the undersigned have invented certain new and useful improvements as above entitled, for which application for United States Letters Patent is made; and

WHEREAS, **TouchRock, Inc.**, a Texas corporation, (hereinafter referred to as "Assignee"), with an address of 2026 Timbergreen Circle, Magnolia, Texas 77355, desires to acquire the undersigned's entire right, title and interest in and to the invention, and in and to said application and any Letters Patent that may issue thereon;

NOW THEREFORE, for and in consideration of One Dollar (\$1.00), and other good and valuable consideration, the receipt of which is hereby acknowledged, the undersigned:

Hereby sells, assigns and transfers to Assignee, its successors, assigns, and legal representatives, the entire right, title and interest for the United States and all foreign countries, in and to the invention and any and all improvements which are disclosed in the application for United States Letters Patent identified above, and in and to said application and all divisional applications, continuation applications, substitutes, renewals, reissue applications, reexaminations, and all other applications for Letters Patent which have been or shall be filed in the United States and all foreign countries on the invention and any of said improvements; and in and to all original and reissued patents and any patents that result from any of the foregoing applications which have been or shall be issued in the United States and all foreign countries on said invention and said improvements; and in and to all utility models, industrial models, certificates of invention, and designs on said invention and said improvements;

Agrees that said Assignee may apply for and receive Letters Patent for said improvements in its own name; and that, when requested, without charge to but at the expense of said Assignee, its successors, assigns and legal representatives, to carry out in

good faith the intent and purpose of this assignment; to execute all divisional, continuing, substitute, renewal, reissue and all other patent applications, and all other like rights of exclusion in any country on said invention and any and all said improvements; to execute all rightful oaths, declarations, assignments, powers of attorney and other papers; to communicate to said Assignee, its successors, assignee, its successors, assigns and representatives, all facts known to the undersigned relating to said invention and said improvements and the history thereof; and to generally do everything reasonably possible which said Assignee, its successors, assigns and representatives shall consider desirable for aiding in securing and maintaining proper patent protection for said invention and said improvements and vesting title to said invention and said improvements and all applications for patents and all patents on said invention and said improvements, in said Assignee, its successors, assigns and legal representatives; and

Agrees, upon request of Assignee, to render prompt assistance and cooperation in the prosecution of legal proceedings involving said invention and said improvements, said applications and patents granted thereon, including oppositions, cancellation proceedings, priority contest, public use proceedings and court proceedings, and to testify in such proceedings if requested, provided, however, that the expense which may be incurred by the Undersigned in lending such assistance and cooperation will be paid by Assignee; and

Covenants with said Assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by the Undersigned, except as set forth below, and that full right to convey the same as herein expressed is possessed by the Undersigned.

This assignment shall be binding on the heirs and legal representatives of the undersigned.
