ASSIGNMENT

This Assignment, made by CLAUD BO VÖGE CHRISTENSEN of Snekkersten Denmark; and WEIMIN RONG of Bagsvaerd, Denmark; Assignors, to ACARIX A/S, a Danish corporation, Assignee, having a place of business at Diplomvej Bygning 378, DK-2800 KGS Lyngby, Denmark.

WHEREAS, Assignors have invented a new and useful MONITORING SYSTEM FOR MONITORING OF HEART SIGNALS (the invention), for which an application for Swedish Patent having application no. 1250640-8 was filed on June 18, 2012; a U.S. Provisional Application having application no. 61/660,883 was filed on June 18, 2012; an International Patent Application having application no. PCT/EP2013/062467 was filed on June 17, 2013, and an application for United States Letters Patent having application no. 14/408,953 was filed on Dec. 17, 2014 (the applications); and

WHEREAS, Assignors believe themselves to be the original, first, and joint inventors of the invention disclosed and claimed in the applications for Letters Patent; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment the entire right, title, and interest in and to the invention, the applications, and any Letters Patent that may be granted for the invention in the United States and throughout the world;

NOW, THEREFORE, for the sum of ten dollars (\$10) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors hereby sell, assign, and transfer to Assignee, the entire right, title, and interest in and to the invention, the applications, any application claiming priority to the applications, and any Letters Patent that may be granted for the invention in the United States and throughout the world, including the right to file foreign applications directly in the name of the Assignee and to claim for any such

foreign applications any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Further, Assignors agree that, upon request and without further compensation, but at no expense to Assignors, they and their legal representative(s) and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, maintaining, sustaining, reissuing, reexamining, reviewing under any provision of the America Invents Act, or enforcing Letters Patent in the United States and throughout the world for the invention, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to the invention, the applications, and any Letters Patent granted for the invention in the United States and throughout the world.

Assignors represent and warrant that they have not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignors authorize and request the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters Patent granted for the invention, whether on the applications or on any subsequently filed division, continuation, continuation-in-part, or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in the invention.

The undersigned hereby grant the firm of Fulwider Patton LLP of 6060 Center Drive, Tenth Floor, Los Angeles, California 90045 the power to insert on this assignment any further identification, including the application number and filing date, which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

IN WITNESS WHEREOF, Assignors have executed this Assignment on the date written herein below.
