In consideration of One Dollar (\$1.00) and other good and valuable considerations in hand paid, the receipt and sufficiency whereof are hereby acknowledged, the undersigned confirm their having assigned, and to the extent necessary do hereby assign, to **POWERDISC DEVELOPMENT CORPORATION LTD.**, a corporation of the Province of British Columbia, Canada, having a place of business at 45766 Patten Ave., Chilliwack, BC V2P1S1, its successors and assigns, the entire right, title and interest in the invention or improvements of the undersigned disclosed in an application under the Patent Cooperation Treaty filed in the Canadian Intellectual Property Office on **August 14, 2013**, and assigned application No. **PCT/CA2013/050626**, entitled "**FUEL CELL COMPONENTS, STACKS AND MODULAR FUEL CELL SYSTEMS**", and in said application and any and all other applications which the undersigned may file, either solely or jointly with others, on said invention or improvements, and in any and all patents which may be obtained on any of said applications, and in any provisional, non-provisional, continuation, continuation-in-part, divisional, reexamination, reissue or extension of such applications or patents, and confirm their having further assigned, and to the extent necessary do hereby further assign, to said assignee the priority right provided by the International Convention, as well as the right to bring legal action to be awarded and collect past damages by reason of infringement of any patent resulting from the present application.

The undersigned have warranted themselves to have been, and to the extent necessary do hereby warrant themselves to be, the owners of the entire right, title and interest in said invention or improvements, and to have had, and to the extent necessary to have, the right to make such assignment, and have further warranted, and to the extent necessary do hereby further warrant, that there are no outstanding prior assignments, licenses, or other encumbrances on the interest assigned.

For said considerations the undersigned confirm their agreement, and to the extent necessary do hereby agree, upon the request and at the expense of said assignee, its successors and assigns, to execute any and all non-provisional, continuation, continuation-in-part, divisional, extension, and substitute applications

for said invention or improvements, and any necessary oath, affidavit or declaration relating thereto, and any application for the reissue, re-examination or extension of any patent that may be granted upon said application, and any and all applications and other document for patents on said invention or improvements, that said assignee, its successors or assigns may deem necessary or expedient, and for the said considerations the undersigned authorizes said assignee to apply for patents for said invention or improvements in its own name in such countries where such procedure is proper, and have agreed, and to the extent necessary do hereby further agree, upon the request of said assignee, its successors and assigns, to cooperate to the best of the ability of the undersigned with said assignee, its successors and assigns, in any proceedings or transactions involving such applications or patents, including the preparation and execution of preliminary statements, giving and producing evidence, and to perform any and all other acts necessary to obtain said patents, and vest all rights therein conveyed in the assignee, its successors and assigns, whereby said patents will be held and enjoyed by the said assignee, its successors and assigns, to the full end of the term for which said patents will be granted, as fully and entirely as the same would have been held and enjoyed by the undersigned if such assignment had not been made.
