Assignment of Rights, Title and Interest in Invention
(nunc pro tunc)

Docket No.
21977.2

Whereas, we, the above-identified Inventors, have invented certain new and useful improvements in the Invention identified above and described in the above-identified patent application(s) and/or patent(s) (hereinafter referred to as "Invention");

And, whereas we all agreed at the outset to assign, and did assign at that time as per our agreement and intent, all of our above-identified rights, title and interest and related intellectual property and other rights in the Invention to the above-identified Assignee;

Now, this indenture witnesseth, that for good and valuable consideration, the receipt whereof is hereby acknowledged;

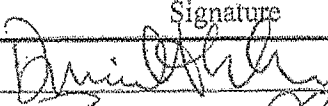

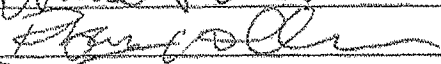

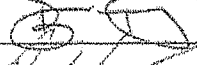

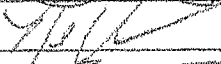

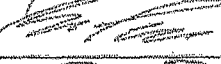

We hereby confirm that on October 22, 2010 for three of the Inventors, including Ryan Williams, Ryan McCoy and Neil Valentine, and on other dates for the other three Inventors, namely March 14, 2011 for Steve Dalley, February 27, 2012 for Brace Pace, and March 19, 2012 for Dan Nelson, each of us agreed to assign, sell and transfer, and assigned, sold and transferred, with the assignment covering past, present and future works and rights therein, our above-identified patent and other rights, title and interest in said Invention, said application(s) as identified above, including any divisions, continuations, and continuations-in-part thereof, and in and to any and all Letters Patent of the United States, and countries foreign thereto, which may be granted or have granted for said Invention, and in and to any and all reissues and reexaminations thereof, and in and to any and all priority rights, Convention rights, and other benefits accruing or to accrue to us with respect to the filing of applications for patents or securing of patents in the United States and countries foreign thereto, unto said Assignee.

And we authorized and request the Director of the United States Patent and Trademark Office to issue any United States Letters Patent which may issue for said Invention to said Assignee, as assignee of the whole right, title and interest thereto;

And we further agreed to sign and execute all necessary and lawful future documents, including, without limitation, assignments, applications for foreign patents, for filing divisions, continuations and continuations-in-part of said application for patent, and/or, for obtaining any reissue or reissues of any Letters Patent which may be granted for our aforesaid Invention, as the Assignee or its Designee(s) may from time to time require and prepare at its own expense;

And we authorized the attorneys of Kirton McConkie to fill in the serial number(s), date of execution for this document, and/or date of filing of the above-identified patent application(s) and/or patent(s) upon the receipt thereof.
