ASSIGNMENT

WHEREAS, **JOHN STEELE BRECKENRIDGE**, a citizen of the United States of America, 14802 Monrad Drive, Houston, Texas 77053 and **THOMAS FRANKLIN AKERS II**, a citizen of the United States of America, 21302 Timber Pines Drive, Spring, Texas 77388, hereinafter called the "Assignors", have made the invention disclosed in the United States patent application entitled ***Downhole Mud Motor***, Attorney Docket Number 140460.00001, filed on **March 26, 2015** and assigned Application Serial No. **14/669276**; and

WHEREAS, **RUBBER SPECIALISTS LAND ACQUISITION, LLC**, a corporation organized and existing under the laws of the State of Texas, having a place of business at 5906 Dolores St Suite 225, Houston, Texas 77057, hereinafter called the "Assignee," desires to acquire the entire right, title and interest within the United States of America and elsewhere throughout the world in and to said invention and the patent application identified above, including any and all divisions and continuations thereof and any and all Letters Patent which may be granted thereon, including any and all renewals, reissues and prolongations thereof, and further including, any provisional application to which the patent application identified above may claim priority.

NOW, THEREFORE for valuable and legally sufficient consideration, the receipt of which by the Assignors from the Assignee is hereby acknowledged, the Assignors have sold, assigned and transferred, and by these presents do sell, assign and transfer to the Assignee, the entire right, title and interest within the United States in and to said invention and the patent application identified above, and any patents that may issue for said invention in the United States; together with the entire right, title and interest in and to said invention and all patent applications and patents therefor in all countries and territories foreign to the United States, including the full right to claim for any such application all benefits and priority rights under any applicable convention; together with the entire right, title and interest in and to all continuations, divisions, renewals and extensions of any of the patent applications and patents defined above and any provisional application to which any of the patent applications defined above may claim priority; to have and to hold for the sole and exclusive use and benefit of the Assignee, its successors and assigns, to the full end of the term and terms for all such patents.

AND said Assignors hereby covenant and agree, for both the Assignors and the Assignors' legal representatives, that the Assignors will assist the Assignee in the prosecution of the patent application identified above; in the making and prosecution of any other patent applications that the Assignee may elect to make covering the invention identified above; in vesting in the Assignee like exclusive title in and to all such other patent applications and patents; and in the prosecution of any interference which may arise involving said invention, or any such patent application or patent; and that the Assignors will execute and deliver to the Assignee any and all instruments as may be requested by Assignee or otherwise necessary to carry out the terms of this Assignment. Assignors authorize attorney or agent to fill in the U.S. Application Serial No. above, if required.

AND said Assignors authorize and request the Commissioner of Patents to issue Letters Patent on said application, and on any and all divisions and continuations thereof, to said Assignee, its assigns and legal representatives, in accordance with the terms of this Assignment.

IN TESTIMONY WHEREOF, this Assignment is executed by said Assignors, on the dates listed below.
