PATENT ASSIGNMENT AGREEMENT

THIS AGREEMENT is made this 31st day of March, 2015, by and between Information Protection and Authentication of Texas, LLC. (the “Assignor”), having its primary place of business at 104 E. Houston St, Marshall, Texas, 75670, and Addison M. Fischer (the “Assignee”) having his primary place of business at 60 14th Ave. South Naples, Florida, 34102 (collectively the “Parties”).

WHEREAS, the Assignor is the owner of the entire right, title, and interest in, and to and under the following United States patents:

Patent no. 5,311,591, entitled “COMPUTER SYSTEM SECURITY METHOD AND APPARATUS FOR CREATING AND USING PROGRAM AUTHORIZATION INFORMATION DATA STRUCTURES”;

Patent No. 5,412,717, entitled “COMPUTER SYSTEM SECURITY METHOD AND APPARATUS HAVING PROGRAM AUTHORIZATION INFORMATION DATA STRUCTURES”; and

Patent No. 4,881,197, entitled “DOCUMENT COMPOSITION SYSTEM USING NAMED FORMATS AND NAMED FONTS”. Collectively known as the “Patents”.

The Assignee wishes to acquire and assignors wish to assign all right, title, and interest in and to the Patents, including all foreign counterparts thereof.

NOW THEREFORE, in consideration of the mutual promises, covenants, warranties, and other good and valuable consideration set forth herein, and in accordance with applicable law, the Parties hereby agree as follows:

1. Assignment. Assignor hereby assigns to Assignee, and its successors, representatives and assigns, all right, title and interest in the Patent including all reexaminations, extensions and reissues thereof. Assignor hereby requests the Commissioner of Patents of the United States to record this assignment of all right, title and interest in the Patent to Assignee.

2. Assignor’s Representations and Warranties. Assignor hereby represents and warrants
   i) that it has the legal right and authority to execute this Agreement, and to validly assign the entire interest in the Patent to Assignee,

   ii) that it has not executed any other agreement that would conflict with the terms of this Agreement, nor shall it execute any such agreement in the future, and

   iii) that to the best of Assignor’s knowledge, the Patent is valid and enforceable as of the date of this Agreement. Assignor makes no representations or warranties as to the validity or enforceability of the Patent subsequent to the date of this Agreement.
4. **Patent Status.** Assignee hereby acknowledges that any finding or ruling subsequent to the date of this Agreement that the Patent is invalid or unenforceable shall not give rise to a cause of action against Assignor under this Agreement, unless Assignor has committed fraud in executing this Agreement.

5. **Further Actions.** Assignor hereby agrees to execute any further agreements and to take any further actions necessary to aid Assignee in perfecting its interest in the Patent and in enforcing any and all protections or privileges deriving from the Patent.

7. **Counterparts.** This Agreement may be executed in several counterparts, each of which shall constitute an original and all of which, when taken together, shall constitute one agreement.

8. **Severability.** If any part or parts of this Agreement shall be held unenforceable for any reason, the remainder of this Agreement shall continue in full force and effect. If any provision of this Agreement is deemed invalid or unenforceable by any court of competent jurisdiction, and if limiting such provision would make the provision valid, then such provision shall be deemed to be construed as so limited.

**THIS AGREEMENT** constitutes the entire agreement between Assignor and Assignee, and supersedes any prior understanding or representation of any kind preceding the date of this Agreement. There are no other promises, conditions, understandings or other agreements, whether oral or written, relating to the subject matter of this Agreement.
IN WITNESS WHEREOF, the parties have caused this Agreement to be executed the day and year first above written.
