PATENT AND INVENTION ASSIGNMENT

WHEREAS, the undersigned:

Steven A. Odom, a citizen of the United States of America, residing at 221 Scenic Gulf Drive, Unit 640, Miramar Beach, FL 32550; and

Denny J. Ivey, a citizen of the United States of America, residing at 1599 Four Notch Road, Carrollton, GA 30116;

(hereinafter referred to as "Assignors") have invented certain inventions and improvements disclosed in a U.S. patent application entitled **COMPOSITIONS & METHODS FOR THE REMOVAL OF PHOSPHATES & OTHER CONTAMINANTS FROM AQUEOUS SOLUTIONS**, which application was filed in the United States Patent & Trademark Office on February 26, 2015, under application Serial No. 14/630,876;

WHEREAS, Assignors each acknowledge that he/she either has assigned or is and has been obligated, since the time of his/her invention thereof, to assign his/her interest in the inventions and improvements disclosed in the above-mentioned patent application to **NCLEAR IP, LLC**, a Florida Limited Liability Company, having its principal place of business at 221 Scenic Gulf Drive, Unit 640, Miramar Beach, FL 32550; and

WHEREAS, it is desired to confirm and verify the assignment of ownership interest to **NCLEAR IP, LLC** in and to the same;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignors, by these presents: (A) do hereby confirm prior assignment and transfer of Assignors entire right, title and interest in and to the inventions and improvements disclosed in the Patent Application to **NCLEAR IP, LLC**, and

(B), to the extent it is not fully accomplished prior, do hereby sell, assign and transfer unto **NCLEAR IP, LLC**, the full, exclusive and entire right, title and interest: (i) in and to all inventions and improvements disclosed and described in said application, (ii) in and to said application, (iii) in and to all divisional, continuation, and continuation-in-part applications describing in whole or in part the said inventions and improvements, preparatory to obtaining Patents of the United States therefor, (iv) in and to all patents of the United States which may be granted on the foregoing and all reissues and extensions thereof, (v) in and to any provisional patent applications filed in the United States describing in whole or in part the said inventions and improvements, from which priority has been or may be claimed under Title 35 of the United States Code, and (vi) in and to the right to claim any applicable foreign and domestic priority rights arising from any of the afore-mentioned patent applications; and Assignors do hereby request the Commissioner of Patents to issue any and all Patents of the United States resulting from said application, or from a division, continuation, continuation-in-part, or reissue thereof, to **NCLEAR IP, LLC** as Assignee, for its interest and for the sole use and behoof of **NCLEAR IP, LLC** and its assigns and legal representatives;

AND (C), to the extent it is not fully accomplished prior, do hereby sell, assign and transfer to **NCLEAR IP, LLC** the full, exclusive and entire right, title and interest: in and to any and all applications for industrial property protection, including without limitation, all applications for patents, utility models, inventors' certificates and designs, (the "Foreign Applications") filed or which are hereafter filed in countries foreign to the United States and describing in whole or in part the said inventions and improvements, in and to any Patents and similar protective rights granted on said Foreign Applications, and in and to the right to file such applications and the right to claim any applicable priority rights arising from or required for said Foreign Applications under the terms of any applicable conventions, treaties, statutes, or regulations; said Foreign Applications to be filed and issued in the name of **NCLEAR IP, LLC** or its respective designees, insofar as permitted by applicable law;

AND, for the same consideration, Assignors agree to communicate to the said **NCLEAR IP, LLC**, its successors, legal representatives and assigns, any facts known to Assignors respecting said invention, sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue and other applications, make all assignments and rightful oaths, and generally do everything possible to aid **NCLEAR IP, LLC**, its successors, assigns, and nominees, to obtain and enforce proper protection for all said inventions and improvements in all countries throughout the world.

DECLARATION

As a below named inventor,

I hereby declare that: this declaration is directed to the above-mentioned United States application number 14/630,876 filed February 25, 2015; the above-identified application was made or authorized to be made by me; and

I believe that I am the original inventor or an original joint inventor of a claimed invention in the application.

I hereby state that I have reviewed and understand the contents of the above-identified application, including the claims, as amended by any amendment specifically referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56, including for continuation-in-part applications, material information which became available between the filing date of the prior application and the national or PCT international filing date of the continuation-in-part application.

I hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.
