## ASSIGNMENT

**WHEREAS, Williams Specialty Company**, 701 Hartwood Street, Dalton, Georgia 30722 is the owner of the U.S. Patents identified in **Exhibit A** attached; and

**WHEREAS, Norville Industries, Inc.**, a corporation organized under the laws of the State of Georgia and having a place of business at 103 Foster Road, Dalton, Georgia 30720 is desirous of acquiring the entire right, title and interest in and to said Letters Patent:

**NOW, THEREFORE**, To All Whom It May Concern, be it known that for good and valuable consideration, the receipt of which is hereby acknowledged, the said **Williams Specialty Company** has sold, assigned, transferred and set over, and by these presents do sell, assign, transfer and set over, unto the said **Norville Industries, Inc.**, its successors and assigns the entire right, title and interest in all Letters Patent both foreign and domestic which may hereafter be granted therefor, and in and to any and all extensions, continuations, divisions, or reissues of said Letters Patent, the same to be held and enjoyed by the said **Norville Industries, Inc.** for its own use and behoof, and the use and behoof of its successors and assigns, to the full end of the term for which said Letters Patent may be granted.

Upon said consideration, **Williams Specialty Company** conveys to said assignee the right to make application in its own behalf for protection of said invention in countries foreign to the United States and where expedient to claim under the International Convention or other international arrangement for any such application the date of the said United States application (or other application if any there be) in priority to other applications; and **Williams Specialty Company** does hereby covenant and agree with the said assignee that **Williams Specialty Company** will not execute any writing or do any act whatsoever conflicting with these presents, and that it will at any time upon request, without further or additional consideration, but at the expense of the said assignee, execute such additional assignments and other writings and do such additional acts as said assignee may deem necessary or desirable to perfect the assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, continuations, renewal, reissued or extended Letters Patent of the United States or of any and all foreign countries on said invention, and in enforcing any rights or choices in action accruing as a result of such application or patents, by giving testimony in any proceedings or transactions involving such applications or patents, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of, the assigns and legal representatives of both parties.

IN WITNESS WHEREOF, **Williams Specialty Company** has hereunto set its hand and seal on the day and year below written in the presence of the subscribing witnesses.
