ASSIGNMENT

WHEREAS, Monsanto Company, the undersigned, is the assignee of inventions, which are the subject of a United States patent or patent application or an International application for patent set forth in the attached Schedules A and B; and

WHEREAS, Monsanto Technology LLC, of St. Louis, Missouri, a Corporation of the State of Delaware, is desirous of acquiring the entire right, title and interest in and to said inventions therein and any and all patents obtained or to be obtained therefor;

NOW, THEREFORE, FOR GOOD AND VALUABLE CONSIDERATION, the receipt of which is hereby acknowledged, Monsanto Company agrees to assign, and hereby does, sell, assign, and transfer to Monsanto Technology LLC, its successors and assigns, the entire right, title and interest in and to said inventions in the United States of America and throughout the world, including the right to claim priority under the laws of the United States, the Paris Convention, and any foreign countries, to the inventions as described in the applications and patents, to the applications and patents themselves, and all divisions, continuations, continuations-in-part, or other applications claiming priority directly or indirectly from the applications and patents of Schedule A and B, and any United States or foreign Letters Patent, utility model, or other similar rights which may be granted thereon, including reissues, reexaminations and extensions thereof, these rights, title and interest to be held and enjoyed by Monsanto Technology LLC to the full end of the term for which the Letters Patent, utility model, or other similar rights, are granted and any extensions thereof as fully and entirely as the same would have been held by Monsanto Company had this assignment and sale not been made, and the right to sue for, and recover for past infringements of, or liabilities for, any of the rights relating to any of the applications, patents, utility models, or other similar rights, resulting therefrom: and

Monsanto Company hereby requests the United States Patent and Trademark Office to issue said Letters Patent of the United States of America, Reexamination Certificate or Reissue Letters Patent to Monsanto Technology LLC, and requests that any official of any country or countries foreign to the United States, whose duty it is to issue or grant patents as aforesaid, to issue the Letters Patent, Utility Model Registration or other similar right to Monsanto Technology LLC; and

Monsanto Company further agrees, without any payment by Monsanto Technology LLC other than in reimbursement of reasonable expenses it may incur, to communicate to said Monsanto Technology LLC, its representatives, agents or assignees of the entire right, title and interest hereto, any facts relating to said inventions or improvements, including evidence for purposes of examination, interference, opposition or other legal proceedings, whenever requested; testify in any interference, opposition or other legal proceedings, whenever requested; execute and deliver, on request, all lawful papers required to make any of the foregoing provisions effective; and generally do everything possible which Monsanto Technology LLC shall consider desirable for

A NA
