**NUNC PRO TUNC
ASSIGNMENT**

THIS ASSIGNMENT, made by me, Bruce A. Purkey, a co-inventor of U.S. Provisional Application No. 60/310,716, filed August 7, 2001, corrects and replaces the assignment executed by me in connection with the application listed above, which hereinafter will be referred to as "said application."

That Assignment for said application to Purkey's Fleet Electrics, Inc. was executed by me on November 28, 2001, and subsequently sent for recording on April 11, 2002, in the Assignment Branch of the United States Patent and Trademark Office at Reel 012797, Frame 0226. Said Assignment, without any deceptive intent, erroneously identified the Assignee as Purkey's Fleet Electrics, Inc. The Assignee should have been identified as Purkey's Fleet Electric, Inc. This Nunc Pro Tunc Assignment is deemed to be effective at least as early as August 7, 2001.

WITNESSETH: That,

WHEREAS, I am a co-inventor along with third parties of certain new and useful improvements in the invention titled "**SYSTEMS AND METHODS FOR MONITORING AND STORING VEHICLE CHARGING SYSTEM DATA**," and for which a provisional application was filed on August 7, 2001 as U.S. Provisional Application No. 60/310,716; and

WHEREAS, **PURKEY'S FLEET ELECTRIC, INC.**, a corporation of the state of Arkansas, having its principal place of business at 221 N. 14th Street, Rogers, Arkansas 72756, hereinafter referred to as Assignee, acquired my entire right, title, and interest in and to said invention as described in said application, and in and to any and all Letters Patent which shall be granted therefor in the United States of America and all foreign countries;

NOW, THEREFORE, To Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I have sold and by these presents do hereby sell, assign, transfer, and convey unto the said assignee, its successors and assigns, my entire right, title, and interest in and to the said invention and said application, and in and to any and all non-provisional applications, continuations, continuations-in-part, or divisions thereof, and in and to any and all Letters Patent of the United States of America and all foreign countries or reissues, reexaminations, or extensions thereof which may be granted

therefor or thereon, for the full end of the term for which said Letters Patent may be granted, together with the right to claim the priority of said application in all foreign countries in accordance with the International Convention, the same to be held and enjoyed by said assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by me if this assignment and sale had not been made.

IN WITNESS WHEREOF, I have hereunto set my hand and seal on this 14 day of May, 2010.
