ASSIGNMENT

This Assignment is made by MICHAEL S. RIEPL, an individual of Bismarck, North Dakota ("Assignor") to DHEA LLC, a limited liability company organized and existing under the laws of the State of North Dakota and having an address of 613 Brunswick Drive, Bismarck, North Dakota 58503 ("Assignee").

This Assignment is made with reference to the following facts:

A. Assignor is the sole inventor and owner of a certain invention titled DHEA BIOADHESIVE CONTROLLED RELEASE GEL as more fully set forth in U.S. Patent Application Serial No. 13/696,787 filed on or about November 7, 2012 ("Patent Application").

B. Assignor desires to transfer and convey to Assignee, and Assignee desires to receive and acquire from Assignor, the entirety of Assignor's right, title, and interest in the above-noted invention and in the Patent Application and in any and all patent applications related thereto and patents issuing from the Patent Application or any such related patent applications.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged by Assignor, Assignor does hereby and herewith assign, transfer, sell, and convey to Assignee all of Assignor's right, title, and interest in and to the Patent Application and to any and all patent applications related thereto and any and all patents issuing from the Patent Application or any such related patent applications, and to any and all continuations, continuations-in-part and divisions of the Patent Application or any related patent application, and to the invention shown and described in the Patent Application or in any related patent application, together with any and all reissues of any or all patents issuing from the Patent Application or any of the other above described patent applications, all to have and to hold for the sole and exclusive use and benefit of Assignee and Assignee's successors and assigns, to the full end of the term or terms of any and all such issuing patents, to be held and enjoyed by Assignee (and by Assignee's successors and assigns) to the end of the term or terms for which all or any of the said issuing patents are granted or reissued, and any extensions thereof, as fully and entirely as same would have been held and enjoyed by Assignor if this assignment had not been made, together with all claims for damages and profits by reason of past infringement of all or any of the said issuing patents, with the right to sue for and collect same for Assignee's own use (and for the use of Assignee's successors and assigns).

Assignor covenants and agrees that he will at any time on request execute and deliver to Assignee any and all documents and papers as may be necessary or desirable to perfect in Assignee the interests herein conveyed, and further covenants and agrees that he will communicate and cooperate with Assignee to the extent necessary for Assignee to have and enjoy to the fullest extent the interests herein conveyed.

IN WITNESS WHEREOF, Assignor has hereunto set his hand and seal on the date below noted:

Date: March 31, 2014

 (SEAL)
MICHAEL S. RIEPL, Assignor
