ASSIGNMENT OF RIGHTS

WHEREAS, I, Vikas Lakhotia, having an address at 23806 Mission Puebla, Valencia, CA 91354, United States of America, (the "Assignor") have invented certain new and useful improvements disclosed in United States Patent Application No. 14/624,400, filed February 17, 2015 and entitled "Method for Measuring Gas Concentrations Based on Sensor Response Times," (the "Patent Application") on which I am named as a co-inventor; and

WHEREAS, H2Scan Corporation, a California corporation, with an address at 27215 Turnberry Lane, Unit A, Valencia, CA 91355, United States of America, (hereinafter, together with any successors, legal representatives or assigns thereof, called "Assignee"), wants to acquire all of my rights in the Patent Applications;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, I do hereby sell, assign, transfer and set over to Assignee my entire right, title and interest in and to the Patent Applications; and all divisions, substitutions, continuations and continuations-in-part thereof, and all patent applications claiming priority to the Patent Applications, and all United States Letters Patents or foreign Patents which may be granted thereon and all reissues and extensions thereof, and all priority rights under the International Convention for the Protection of Industrial Property for every member country (the "Related Applications"); and I hereby authorize and request the United States Commissioner of Patents and Trademarks, and any officials of foreign countries whose duty it is to issue patents on applications, to issue all patents claiming priority from the Patent Applications or the Related Applications to Assignee in accordance with the terms of this Assignment;

AND I HEREBY covenant that I have full right to convey my entire interest herein assigned, and that I have not executed, and will not execute, any agreement in conflict herewith;

AND I HEREBY further covenant and agree that I will communicate to Assignee any facts known to me, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, continuations-in-part, substitute and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee to obtain and enforce patent protection for all patents claiming priority from the Patent Applications or the Related Applications in all countries.

IN TESTIMONY WHEREOF, I hereunto set my hand this 25th day of March, 2015.

Vikas Lakhotia
